PRE-SALE & LIVE INTERNET BIDDING / TELEPHONE BIDDING

Bids can be placed on our website (www.sarc.auction). Our online bidding system is provided by iCollector.com. You can also place bids on their website and it will sync with any bids you place on our website. If you plan to only bid live during the auction, please be sure to register a few days in advance of the auction in the event that you have difficulties with the registration process. This will also allow us time to process your registration.
Visit the link below to register, and visit the same link to bid before the sale and live online on the days of the auction.
WWW.SARC.AUCTION (There is no additional fee to bid online).

PROXY BIDDING METHODS

We strongly encourage you to bid via our website or iCollector (www.sarc.auction), as that is our primary bidding system. If you are unable to do so or if you would like to place bids that are not executed until the sale begins (proxy bids) you may send bids to us using one of the methods listed below.
IMPORTANT NOTE: If you send bids to us by one of the methods listed below they will be treated as proxy floor bids. If another person places a pre-sale internet bid on our website, that internet bid will be treated as the first received, regardless of the time of receipt. We encourage you to bid on iCollector so that you do not lose a tied bid to a bidder who is using the primary bidding system (our website).

Please note that off-increment bids will be rounded down to the nearest bidding increment.

* Due to repeated glitches with faxed bids we encourage you to not send them by fax.

He was born and raised in Pittsburgh, PA, where he lived out his adult life until his sixties before moving to Woodinville, WA where he resided through the remainder of his retirement. When Almer was a young boy he began to collect coins and became a passionate collector of many things. He became an avid world traveler which immensely broadened his coin collection. Since Almer was such an avid collector for so many years, his collection had grown to a truly massive scale over the years.

The Dr. Dirk Löer Collection of Chinese Coins

In continuation of our offerings of the Dr. Dirk Löer Collection there are numerous rarely encountered types in choice condition. The primary focus of the collection is ancient and vintage cash coins.

Islamic Coins

Early Pre-Reform

83. **ARAB-SASANIAN: Yazdigerd type**, 652-668, AR drachm (3.94g), SK (Sijistan), YE36, A-1, clearly dated YE36, which correspond to AH47-48, thus apparently confirming that the frozen YE20 was continued until the introduction of the Khusro *bism Allah rabbi* type in AH48 (the AH45 variant of that type may be a date error or a misunderstanding of the conversion from a solar to a lunar calendar); apparently unique, choice VF $300 - 400

84. **ARAB-SASANIAN: Mu'awiya**, 661-680, AR drachm (3.55g), DA (Darabjird), AH43 (frozen), A-14, first Umayyad caliph, with his caliphal title AMYL-Y WLWYSNYKAN (in Pahlavi: "commander of the believers") after his name in the obverse field, struck circa AH52-54, some slight porosity only at the rims and a few small spots of discoloration, VF-XF $150 - 250

This is first Islamic coin to cite the caliph. The previous four caliphs (the "Rashidun") were only cited on coins struck hundreds of years later, by rulers confirming their Sunni beliefs.

85. **ARAB-SASANIAN: Mu'awiya**, 661-680, AR drachm (3.95g), DAP (Fasâ), AH43 (frozen), A-14, first Umayyad caliph, with his caliphal title AMYL-Y WLWYSNYKAN ("commander of the believers") after his name in the obverse field, struck circa AH52-54; slightly cleaned, mostly on the reverse margin, XF $200 - 300

DAP (Fasâ) is much rarer than DA (Darabjird).

86. **ARAB-SASANIAN: Mu'awiya**, 661-680, AR drachm (4.06g), DAP (Fasâ), year 43 (frozen), A-14, with the Pahlavi letter P added also at 11:30 in the reverse field; cf. Malek-497/498, same type but with letter GM instead of P in the reverse margin, XF**, RR** $200 - 300

87. **ARAB-SASANIAN: Ziyad b. Abi Sufyan**, 665-673, AR drachm (3.87g), SYWK (unlocated), AH54, A-8, standard design, mint name known as SYW, SYWK, SYWN, and SYWKAN, presumed to be location in southern Iraq or the Khuzestan province of Iran; lightly cleaned, XF**, RR** $150 - 250

88. **ARAB-SASANIAN: 'Ubayd Allah b. Ziyad**, 673-683, AR drachm (4.02g), SYW (unlocated mint), AH60, A-12, Malek-1221/22, SYW mint believed to be somewhere in southern Iraq or Khuzestan, wonderful strike, choice AU**, R** $150 - 250

89. **ARAB-SASANIAN: 'Ubayd Allah b. Ziyad**, 673-683, AR drachm (3.73g), DShT (Dasht Barin), AH62, A-12, Malek-530, rare mint in Khuzestan province, choice AU**, R** $150 - 250

90. **ARAB-SASANIAN: Anonymous**, mid 690s, AR experimental drachm (3.67g), A-34F, Zeno-109364 (erroneously filed under the mint of YZ for Yazd), standard obverse, with the usual *bism Allah* in ObQ2, but with the phrase *muhammad rasul Allah* instead of the governor's name before the portrait // standard reverse, blundered mint name (perhaps derived from WYH), and crude "date" probably derived from Pahlvai *sabah* ("7"), choice VF**, RRRR** $1,500 - 2,500

This is one of several experimental drachms introduced during the 690s, before the final monetary reform of 696-698 (AH 77-79). The only other example on CoinArchives was sold in the Islamic Coin Auction 19, lot 1 (April 2012), rather fancifully described. The blundered mint & date suggest that this type may have been produced somewhere in northwestern Iran or the Caucasus.

91. **ARAB-SASANIAN: al-Hajjaj b. Yusuf**, 694-713, AR drachm (3.71g), BYSh (Bishapur), AH80, A-35.3, with *lillah al-hamd* instead of *bism Allah* in ObQ2; nice even strike, VF-XF $200 - 300

92. **ARAB-SASANIAN: al-Hajjaj b. Yusuf**, 694-713, AR drachm (3.81g), DA+P (Fasâ), YE71 (= AH83), A-36, Malek-511/512, governor's name in Pahlavi (HAKAK Y YWSPAN), Pahlavi *MN* in ObQ3 // pellet at 11:30 in the margin; lovely strike, evenly worn, VF-XF**, RRR** $900 - 1,200

Same obverse die as Malek-511, same reverse die as Malik-512!

93. **ARAB-SASANIAN: Anonymous**, ca. 700-720, AE pashiz (1.34g), Gyanbud (Qasr-i Abu Nasr), A-43B, Gyselen-80, two Byzantine busts, with cross on crown, as Heraclius & his son Heraclius Constantine // single attendant standing at left, with location name Gyanbud in vertical Pahlavi script to right, discolored, VF**, RRR** $200 - 250

High Resolution Images of All Lots Are Available Online at www.stevealbum.com

94. **ARAB-SASANIAN: Anonymous**, ca. 695-720, AE pashiz (2.19g), A-49K, Gyselen-89, facing bust, wearing unusual cap (very clear on this example!), Pahlavi LWBAK ("ravag", i.e., "current") to left, unread word right // 4-line undeciphered Pahlavi legend; far better than the 6 examples filed on CoinArchives and the one illustrated by Gyselen, XF**, RRR** $200 - 300

95. **TABARISTAN: al-Fadl b. Sahl**, 811-817, AR 1/2 drachm (1.87g), Tabaristan, PYE161, A-K73, Malek-202, obverse bust as on the hemidrachms of Sulayman, name *al-fadl bin sahl* in ObQ4 and his title *dhu'l-ri'asatayn* in ObQ1, both in Arabic, mint & date in Pahlavi, together with the kalima in Arabic; some porosity on both sides, VF-XF**, RRR** $1,500 - 2,000

96. **EASTERN SISTAN: Anonymous Khusraw type**, 706-727, AR drachm (3.77g), SK (Sijistan), AH89, A-79, 4 pellets after *bism Allam*, *barakat min Allah* in RvQ5 and *khayr* ("good") in RvQ8, lovely XF**, RRR** $600 - 700

97. **AFRIGHID: Dhu'l-Ri'asatayn**, ca. 812-821, AR drachm (2.11g), NM, ND, A-94, royal bust right, Khwarizmian style, in the name of Askaswar II // horseman galloping right, vizier's title Dhu'l-Ri'asatayn above horse's back, traces of Sogdian legend above; pleasing example, VF**, RR** $200 - 300

Dhu'l-Ri'asatayn was the vizier al-Fadl b. Sahl, who served the Abbasid caliphate under al-Ma'mun.

Early Post-Reform

98. **UMAYYAD: 'Abd al-Malik**, 685-705, AV dinar (4.29g), NM (Dimashq), AH79, A-125, bold strike, cleaned, NGC graded AU details $550 - 650

99. **UMAYYAD: 'Abd al-Malik**, 685-705, AV dinar (4.28g), NM (Dimashq), AH79, A-125, lovely well-centered strike, small graffiti in the obverse field, NGC graded AU details $550 - 650

100. **UMAYYAD: ‘Abd al-Malik**, 685-705, AV dinar (4.23g), NM (Dimashq), AH80, A-125, deep strike, NGC graded AU58 $700 - 900

101. **UMAYYAD: ‘Abd al-Malik**, 685-705, AV dinar (4.31g), NM (Dimashq), AH80, A-125, magnificent strike, perfectly struck without any weakness whatsoever, faint hairlines, NGC graded UNC details $700 - 850

108. **UMAYYAD: ‘Abd al-Malik**, 685-705, AR dirham (2.87g), Fil, AH79, A-126, Klat-514, lovely bold strike, VF-XF**, RR** $1,000 - 1,200

Walker & others have interpreted the mint as Fîl near Khwarizm, but that city was not yet conquered by the Muslims. An alternative reading is Qibâl, which was the contemporary name of a suburb of Isfahan (without the alif, which was then often omitted from eastern mints, such as Hamadân & Dârâbjird). In Arabic “fîl” means “elephant”, and that could have been assigned to just about anywhere along the trade routes to Sind and India, of which some passed through Isfahan.

109. **UMAYYAD: ‘Abd al-Malik**, 685-705, AR dirham (2.45g), Ramhurmuz, AH79, A-126, Klat-379, bold VF**, R** $500 - 700

110. **UMAYYAD: ‘Abd al-Malik**, 685-705, AR dirham (2.53g), Darabjird, AH79, A-126, Klat-288, broken and repaired, with a small chip near the end of the repaired zone, VF**, RRR** $250 - 350

111. **UMAYYAD: ‘Abd al-Malik**, 685-705, AR dirham (2.19g), Jayy, AH79, A-126, Klat-253b, clipped down to the contemporary standard of Tabaristan, nearly VF**, R** $200 - 300

112. **UMAYYAD: ‘Abd al-Malik**, 685-705, AR dirham (2.64g), Tukharistan, AH80, A-126, Klat-—, third known example for the Umayyad mint of Tukharistan, located east of Balkh, on both the Afghan and Tajikistan sides of the Amu Darya river, much of it within Umayyad control by about AH77; the actual location of the mint is unknown, but the calligraphic style unique to this mint and nearly Balkh in the early AH80s; dark surfaces, one small chip (partially repaired), VF-XF**, RRRR** $20,000 - 25,000

The other two examples were sold at auctions in 2014 and 2018. All three are from different sets of dies and all are dated AH80. The 2014 piece was originally published by Mosanef, F. and M.T. Saffar, “An Umayyad dirham of Tokharistan,” JONS 217, page 8. The only Umayyad coin that is likely from about the same period is a copper fals of Badakhshan, with Chinese “kai yuan tong bao” on one side, the mint name on the other, always undated (Zeno-209686). There are later copper fulus from the Tukharistan region with legends in both Arabic and Bactrian, but by style dated in the AH110s (Zeno-287247).

113. **UMAYYAD: ‘Abd al-Malik**, 685-705, AR drachm (2.42g), Hamadan, AH84, A-126, Klat-666, nice strike, very rare date; clipped down to a lighter standard, F-VF**, RRR** $700 - 1,000

Klat listed only 2 examples of Hamadan (Hamadhan) dated AH84, and there is just 1 more on CoinArchives (this piece!), so a total of 3 known.

114. **UMAYYAD: al-Walid I**, 705-715, AV dinar (4.31g), NM (Dimashq), AH88, A-127, wonderful bold strike, faint hairlines, still a gorgeous example! NGC graded UNC details $550 - 700

115. **UMAYYAD: al-Walid I**, 705-715, AV dinar (4.25g), NM (Dimashq), AH88, A-127, NGC graded AU55 $500 - 600

116. **UMAYYAD: al-Walid I**, 705-715, AV dinar (4.29g), NM (Dimashq), AH88, A-127, one small graffiti in the obverse field; bold strike, strong XF $700 - 800

122. **UMAYYAD: al-Walid I**, 705-715, AV dinar (4.24g), NM (Dimashq), AH92, A-127, gorgeous bold strike, some minor hairlines on the obverse, NGC graded UNC details $550 - 700

‘Abd al-Rahman b. Habib was Umayyad governor in Ifriqiya since 127, reconfirmed by the ‘Abbasid caliph al-Saffah in 132, but quickly switched his allegiance to the Umayyads, fleeing to Spain in 137, where he was killed by his brother Ilyas. 164. **UMAYYAD:** cast AE cash (2.60g), Badakhshan, ND, A-196S, Zeno-209686, Tübingen XIVc-234, Tang dynasty style cash coin with squarish central hole: *kai yuan tong bao* (Chinese) *// muhammad rasul Allah darb badakhshan* (Arabic); Badakhshan is located not far from Xinjiang in China and was the only Umayyad mint to issue Chinese style copper coins., Fine**, RRR** $300 - 400

The only examples on CoinArchives were sold in our Auction 49, lot 126, and Auction 52, lot 116, with 3 additional specimens filed on Zeno, all very crudely produced.

165. **UMAYYAD:** AE fals (0.71g), al-Juzjan, AH11x, A-J202, citing the governor *‘âmir bin ‘ubayda* on the obverse, mint & date on the reverse, date perhaps AH112 but the final digit is not sufficiently clear; unpublished and unique, F-VF**, RRR** $200 - 250

There was an official named ‘Amir b. ‘Ubayda al-Bâhili, who served as the chief judge at Basra AH120-126, but there is no evidence that this judge might have earlier been a governor in Khurasan.

166. **UMAYYAD:** AE fals (1.05g), Qandabil, AH117, A-Q204, kalima divided between obverse & reverse, the mint/date formula in the reverse margin; second known Islamic coin from the important trade town of Qandabil, now identified with Gandawah in the Baluchistan province of Pakistan, south of Sibi and east of Kalat; some very light porosity, bold VF $400 - 500

Second known example of this mint, first sold in our Auction 49, lot 128; this piece is much nicer. Qandabil was north of the port of al-Daybul along the trade route from the port en route to Iran. The style, calligraphy, and arrangement is identical to the copper fulus of al-Daybul, which are also dated AH117 and it is conceivable that the dies for both mints were engraved by the same die-cutter.

167. **UMAYYAD:** AE fals (1.82g), Taliqan, ND, A-K205, in the name of al-Junayd (b. ‘Abd Allah al-Murri, governor of Khorasan AH111/112-116) and cited on fulus of Balkh dated AH114; mint name atop the obverse and below the reverse; unpublished and unique, F-VF**, RRR** $200 - 250

168. **UMAYYAD/ABBASID:** lead seal (15.10g), A-338Y, with the name *mu'awiya* on the obverse, the phrase or name *nasr Allah* on the reverse, XF**, RRR** $150 - 200

The calligraphic style is later, so the name cannot be the founding Umayyad caliph Mu'awiya. The name Mu'awiya appears on some later coins of 2nd century Hijri and possibly later.

169. **ABBASID REVOLUTION: Anonymous**, AR dirham (2.83g), al-Kufa, AH128, A-207.1, Klat-548a, Kharijite issue, with the phrase "la hukm illa lillah" in the upper left segment of the obverse margin; slight porosity in the margins, XF $150 - 250

170. **ABBASID REVOLUTION: Anonymous**, AE fals (2.04g), Balkh, AH130, A-N209, Zeno-329121 (this piece), First part of Qur'an 42:23 filling the field // mint & date in the margin, *muhammad rasul Allah* in center, first example that shows both date and mint; probably the finest known example, XF**, RRR** $150 - 200

171. **ABBASID: al-Saffah**, 749-754, AR dirham (2.70g), Dimashq, AH135, A-211, some graffiti on the obverse, bold VF**, R** $200 - 250

172. **ABBASID: al-Mansur**, 754-775, AV dinar (4.11g), NM, AH145, A-212, faint hairlines, small graffiti in obverse field, slightly clipped, VF *, ex CNG e-Auction 325, Lot 797* $450 - 500

173. **ABBASID: al-Mansur**, 754-775, AV dinar (4.18g), NM, AH157, A-212, XF-AU $500 - 600

174. **ABBASID: al-Mahdi**, 775-785, AV dinar (4.20g), NM, AH165, A-214, attractive bold strike, tiny scratches atop the obverse field, choice XF $400 - 500

175. **ABBASID: al-Mahdi**, 775-785, AV dinar (4.00g), NM, AH166, A-214, VF $400 - 500

176. **ABBASID: al-Mahdi**, 775-785, AV dinar (4.16g), NM, AH167, A-214, graffito on reverse, bold VF $450 - 550

177. **ABBASID: al-Mahdi**, 775-785, AV dinar (4.27g), NM, AH168, A-214, with the crescent symbol and one tiny scratch above the reverse field, AU $550 - 700

178. **ABBASID: al-Mahdi**, 775-785, AV dinar (4.21g), NM, AH168, A-214, pellet below the reverse field, VF-XF $400 - 500

179. **ABBASID: al-Hadi**, 785-786, AV dinar (4.32g), NM, AH169, A-216, with *b.r* engraved below the reverse field, possibly standing for the governor Ibrahim, bold VF**, RR** $700 - 900

180. **ABBASID: al-Rashid**, 786-809, AV dinar (4.24g), NM (Madinat al-Salam), AH188, A-218.4, without any symbol below the reverse field, VF-XF $450 - 550

181. **ABBASID: al-Rashid**, 786-809, AV dinar (4.23g), NM (Madinat al-Salam), AH189, A-218.4, a few small scratches in fields, light scrapes on rim, XF $400 - 500

182. **ABBASID: al-Rashid**, 786-809, AV dinar (4.20g), NM (Madinat al-Salam), AH190, A-218.4, with the letter "h" below the reverse field, XF $450 - 550

183. **ABBASID: al-Rashid**, 786-809, AV dinar (4.24g), NM (Egypt), AH171, A-218.7, Bernardi-65, citing Musa below the reverse field, who was Musa b. ‘Isa b. Musa, governor of Egypt AH171-172 and 175-176, XF $550 - 700

184. **ABBASID: al-Rashid**, 786-809, AR dirham (2.61g), al-Haruniya, AH171, A-219.1, Vardanyan-197, citing the caliph as *al-khalifa al-mardi* (the early name of al-Rashid), and Rajâ on the reverse, choice XF**, R** $200 - 300

185. **ABBASID: al-Ma’mun**, 810-833, AV dinar (4.24g), NM (Iraq), AH200, A-222.13, Bernardi-102, citing Dhu’l-Ri’asatayn (=al-Fadl) & his brother al-Hasan, tentatively assigned to the mint of Wasit, choice XF**, Scarce** $400 - 500

186. **ABBASID: al-Ma’mun**, 810-833, AV dinar (4.25g), NM (Iraq), AH204, A-222.14, without any personal names, *lillah* above the reverse field, NGC graded AU53 $450 - 550

187. **ABBASID: al-Ma’mun**, 810-833, AR dirham (4.24g), NM (Egypt), AH202, A-223.7a, Bernardi-93, cites Abu’l-Fadl and Dhu’l-Ri’asatayn in the reverse field, the governor al-Sari (of Egypt) after the date in the reverse margin, choice VF**, RR** $500 - 600

188. **ABBASID: al-Ma’mun**, 810-833, AR dirham (2.94g), Samarqand, AH202, A-224, citing ‘Ali b. Musa al-Rida, recognized as heir by al-Ma’mun, representing al-Ma’mun’s attempt to establish peace and cooperation between the Sunni and Shi’a branches of Islam; also citing the vizier as Dhu’l-Ri’asatayn; wonderful strike, choice XF $500 - 700

189. **ABBASID: al-Muntasir**, 861-862, AR dirham (2.91g), Surra man Ra’a (Samarra), AH246 (sic), A-232, denomination cited as “al-dinar” for the gold and the wrong date, undoubtedly by the use of an obsolete obverse die, not surprising given the chaotic period that erupted after the death of the caliph al-Mutawakkil in AH247, VF**, RRR** $500 - 600

190. **ABBASID: al-Muntasir**, 861-862, AR dirham (2.96g), Surra man Ra’a, AH248, A-232, slight scratch below the obverse field; superb strike, choice VF-XF**, RR** $300 - 400

191. **ABBASID: al-Musta’in**, 862-866, AV dinar (4.25g), Marw, AH248, A-233.1, Bernardi-160Ph, without the heir-apparent to the caliphate; struck from a normal obverse and a somewhat worn reverse die, VF**, R** $400 - 500

192. **ABBASID: al-Musta’in**, 862-866, AV dinar (4.25g), Marw, AH250, A-233.2, Bernardi-161Ph, citing the caliphal heir al-’Abbas, VF**, R** $450 - 550

193. **ABBASID: al-Mu’tamid**, 870-892, AV dinar (3.92g), Madinat al-Salam, AH268, A-239.5, Bernardi-177Jh, slightly wavy surfaces; better date, VF $450 - 550

194. **ABBASID: al-Mu’tamid**, 870-892, AV dinar (4.28g), al-Kufa, AH271, A-239.6, citing the heir al-Muwaffaq for the eastern half of the caliphate with his laqab *al-nasir li-din Allah* and the vizier Sa’id b. Makhlad as *Dhu’l-wizaratayn* (“possessor of the two vizierates”); extremely rare mint in gold for this type; slightly uneven surfaces but still very attractive, strong VF $1,000 - 1,500

High Resolution Images of All Lots Are Available Online at www.stevealbum.com

195. **ABBASID: al-Mu'tamid**, 870-892, AR dirham brockage (2.83g), Balkh, AH264, A-240, Balkh was essentially inactive AH210-282, which very few confirmed coins in this period; this is a brockage of the obverse, with legible mint & date, bold VF**, RRR** $100 - 200

The only Balkh coins of the AH260s are dirhams dated AH263, both purely Abbasid (1 known) and Banijurid (2 known), no other dates in the 260s. It is conceivable that the missing reverse also cited the Banijurid Muhammad b. Ahmad.

196. **ABBASID: al-Mu'tamid**, 870-892, AR dirham (2.93g), al-Mawsil, AH276, A-240.2, with the laqab *dhu'-sayfayn* ("possessor of the two swords), also citing the eastern heir apparent al-Mufawwad, bold strike without any weakness, XF**, RRR** $400 - 500

It is still uncertain to whom the laqab "dhu'l-sayfayn" belong. It is known only for a few dirhams of al-Mawsil, usually dated AH276.

197. **ABBASID: al-Mu'tadid**, 892-902, AR donative 1/5 dirham (0.49g), Madinat al-Salam, AH280, A-242C, also with the denomination *al-dinar* but struck in silver; different from all other 1/5, 1/2, and 1 dirham donatives of al-Mu'tadid, as it cites both the denomination and mint name, plus outer blank border; some weakness, VF**, RRR** $500 - 600

198. **ABBASID: al-Muktafi**, 902-908, AV dinar (4.23g), Misr, AH292, A-243.1, incredible strike, with almost full original luster, struck during the year in which the Abbasids resumed independence in Egypt from Tulunid authority, NGC graded MS65+ $1,000 - 1,500

199. **ABBASID: al-Muktafi**, 902-908, AV dinar (3.76g), al-Rafiqa, AH292, A-243.1, rare mint in gold for al-Muktafi, lovely XF**, R** $700 - 800

200. **ABBASID: al-Muqtadir**, 908-932, AV dinar (3.38g), al-Karaj, AH313, A-245.2, Bernardi-242Jg, creased, VF $400 - 500

201. **ABBASID: al-Muqtadir**, 908-932, AV dinar (3.74g), Filastin, AH314, A-245.2, Bernardi-242Gn, VF-XF $700 - 800

202. **ABBASID: al-Muqtadir**, 908-932, AV dinar (4.08g), Misr, AH318, A-245.2, bold strike, choice AU $450 - 500

203. **ABBASID: al-Muqtadir**, 908-932, AV dinar (3.90g), Mah al-Basra, AH318, A-245.2, Bernardi-242Mg, with the letter hard "h" above the obverse field, VF-XF $700 - 800

204. **ABBASID: al-Muqtadir**, 908-932, AV dinar (5.46g), Mah al-Basra, AH31(8), A-245.2, Bernardi-242Mg, with the letter hard "h" above the obverse field, and the initials of the Ziyarid ruler Mardawij below the reverse, strong VF $550 - 700

205. **ABBASID: al-Muqtadir**, 908-932, AR dirham (3.05g), Tiflis (Tbilisi in Georgia), AH312, A-246.1, cf. Bennett-66, standard design of al-Muqtadir but without the heir-apparent al-'Abbas; unpublished date and apparently unique (Bennett-66 is clearly dated AH311, not 312, which is unknown to Bennett); decent strike for this mint, bold VF**, RRR** $1,000 - 1,500

206. **ABBASID: al-Muqtadir**, 908-932, AR dirham (4.60g), Halab, AH300, A-246.2, unusually heavy weight and a very rare date for the mint of Halab (Aleppo), XF**, RR** $300 - 400

207. **ABBASID: al-Muqtadir**, 908-932, AR donative dirham (2.63g), Madinat al-Salam, AH310, A-246A, with broad outer blank margins; probably mount removed but overall very attractive, VF-XF**, R** $250 - 350

208. **ABBASID: al-Muqtadir**, 908-932, AV dinar (3.89g), Filastin, AH320, A-248, Bernardi-243Gn, citing the vizier ‘Imad al-Dawla, some small flat spots only in the margins, VF-XF $700 - 800

‘Imad al-Dawla was cited on silver & coin coinage only for several months in AH320.

209. **ABBASID: al-Qahir**, 932-934, AV dinar (4.91g), Qumm, AH321, A-250.2, Dauwe-51.Aa2, Bernardi-277Mn, minimal weakness; with the heir Abu’l-Qasim and the letters M R D W in the obverse field, which almost certainly stand for the rising Ziyarid ruler Mardawij, who struck coins citing his full name at four mints in 322, including Qumm; struck on a broad flan, typical for Qumm in the AH310s-320s; superb quality for this mint, XF $600 - 900

The consignor originally though that this was a donative issue, but it is a standard issue, not a donative.

210. **ABBASID: al-Radi**, 934-940, AV dinar (7.27g), Tustar min al-Ahwaz, AH324, A-254, struck to the heavy weight used occasionally at the 3 mints around Ahwaz, VF $800 - 1,000

211. **ABBASID: al-Muttaqi**, 940-944, AV dinar (3.89g), Misr, AH329, A-256E, Bernardi-306De, Zeno-276759 (this piece), extremely rare variety without the heir Abu Mansur, VF**, RRR** $400 - 500

Bernardi knew of only two examples of this type, one dated AH329, the other dated 330. Starting later in 330, coins of Misr bear the name of the Ikhshidid king Muhammad b. Tughj, who had technically ruled since 323, but struck coins only in the name of the Abbasid caliph until some point in 330.

212. **ABBASID: al-Musta’sim**, 1242-1258, AV dinar (7.26g), Madinat al-Salam, AH640, A-275, bold strike, AU $800 - 900

213. **ABBASID: Anonymous**, ca. 760-790, AE fals (1.39g), Malatya, ND, A-T297, this is the third reported Islamic coin from Malatya prior to the Danishmendid period in the 6th/12th century; porous surfaces, legends *la ilah illa / Allah wahdahu / la sharik lahu / darb malatya // muhammad / rasul / Allah*, VG-F**, RRR** $220 - 250

214. **ABBASID:** lead seal (16.52g), Hamadan, AH141, uniface, triangular stamp with two-line center legend (*al-tab’a / al-…*, “seal of the …”) and unread marginal legend preceding mint and date, casting hole in center, very rare, VF $150 - 200

This is the first lead seal from Hamadan that we have encountered.

Spain & North Africa

215. **UMAYYAD OF SPAIN: Hisham II**, 976-1009, AV dinar, NM, ND, A-353S-var, citing the official ‘Âmir (long after his death), posthumous imitative issue, struck in or near Sijilmasa in Morocco, probably a very early anonymous issue of the Khazrunids before or during the reign of Wanudin (cf. type A-455 of Wanudin and Zeno-244180 for a similar style dinar in the names of Wanudin and ‘Âmir); reverse lightly cleaned, NGC graded AU details**, RR** $400 - 500

216. **HUDID OF DENIA: Sayyid al-Dawla Sulayman**, 1090-1099, BI dirham (4.00g), Daniya (Dénia), AH483, A-393, ruler cited as *al-hajib / sayyid al-dawla / sulayman*; lightly silver-plated, VF**, RR** $300 - 400

Dénia is a port city on the Mediterranean coast of eastern Spain. A similar piece, same mint & date, was sold in our Auction 50, lot 184.

217. **DHU’L NUNID OF TOLEDO: al-Zafir Isma’il**, 1032-1043, AV fractional dinar (0.61g), Tulaytila (Toledo), ND, A-395, central legends: first half of the kalima // *al-zahir / al-imam ‘abd / al-qa’im*, with the mint name in the obverse margin; fine gold, very rare with visible mint name, VF**, RR** $300 - 400

218. **HUDID OF MURCIA: temp. al-Mutawakkil Muhammad**, 1224-1237, AV dinar (4.51g), NM, ND, A-N4257, totally anonymous, but with reference to the Abbasid caliphate (without the caliph's name), which confirms the attribution to the Hudids; North African style with 4-line legends within a square-in-circle design on both sides, VF**, RRR** $1,200 - 1,500

There are only 3 examples filed on CoinArchives.

219. **GOVERNORS OF CEUTA (Sabta): Anonymous**, ca. 1200+, AR square 1/4 dirham (0.41g), Sabta, A-4271E, Hohertz-662, short legends: *al-hamdu lillah / rabb al-'alamayn // duriba bi-sabta*; fabulous strike! AU**, RRR** $150 - 200

220. **NASRID OF GRANADA: Muhammad I**, 1237-1273, AR square dirham (1.07g), NM, ND, A-L410A, lovely example, with his name *muhammad bin yusuf* boldly legible, clipped down to a later standard, VF**, RRR** $1,000 - 1,200

221. **NASRID OF GRANADA: Muhammad XII**, 1482-1491, square AR unit (3.78g), NM, ND, A-415A, same legends as the center of his gold dinar (A-215, Gomez-258): 4-line religious text // royal legend *('abd Allah) al-ghalib / (billah) muhammad bin 'ali / bin sa'd bin 'ali bin / nasr ayyadahu Allah wa nassirahu*, with trace of the outer margins from the full dinar; partly double-struck; possibly struck privately as a token of remembrance following the collapse of the Nasrid dynasty and the expulsion of most Muslims in 1492; unpublished & unique, bold VF $400 - 500

According to a Nasrid specialist, "The weight is too high for a double dirham. The calligraphy is good in some parts and poor in others. It is probably not an official coin." It is very different from the official square gold double "dinar" of Muhammad XII (Hohertz-737, described as a funeral memento).

222. **IDRISID: Idris II**, 791-828, AR dirham (2.38g), Walhamsa, AH207, A-421, with the name 'Ali below the obverse & above the reverse, with *idris* below the reverse; unpublished and of the highest rarity, attractive light luster, XF**, RRR** $150 - 200

Eustache cites a similar type dated AH206 and a later type dated 226, none of 207. The mint of Walhamsa is now the modern city of Oulmès, about 50 miles southwest of Meknes.

223. **IDRISID: Anonymous**, 796-803, AR dirham (2.45g), Tudgha, AH195, A-430C, Eustache-72a (different dies), with Qur'an verse 9:33 in the reverse margin, *'adl* above and *wa qadra* below the reverse field; fantastic strike, UNC**, RRR** $200 - 250

224. **MU'TAZILITE: Ma'zuz b. Talut**, 838-839, AR dirham (1.85g), Ijerhan, AH224, A-433, with the Mu'tazilite slogan *al-adl lillah* ("justice belong to God") in the obverse center and citing the governor 'Abd Allah beneath the obverse, with 'Abd Allah above and Ma'zuz b. Taluf beneath the reverse field; slightly wavy surfaces, clear mint & date, VF**, RR** $300 - 400

The phrase "al-'adl lillah" ("justice belong to God") is associated with the philosophical Mu'tazilite branch of Sunni Islam, as demonstrated by Eustache in his catalog of Idrisid and related coins.

225. **AMIRS OF NAKUR: temp. Jurthum b. Ahmad**, 948/9-971, AR 1/2 dirham (0.72g), al-Nakur, ND, A-Q455, in the names of the late Idrisid ruler al-Qasim (937-948) and an unknown governor Hamid (or Humayd); obverse marginal legend with the mint name (seems correct); reasonable Fatimid style and with the Sunni kalima on the reverse, as on virtually all Fatimid coins prior to AH365 (975 AD); unique and the second known coin of the Amirs of Nakur, VF**, RRRR** $200 - 300

It is known that Abu'l-'Ayyash Ahmad, the son of al-Qasim, was active in Nakur in the Rif region in the early 950s, during his short reign as the successor to al-Qasim (949-954). According to recent research by the consignor, it is likely that Hamid or Humayd was part of the names and titles of Abu'l-'Ayyash Ahmad, though it could also have been the alternative Arabic name of Jurthum b. Ahmad.

226. **KHAZRUNID: Anonymous**, before 1048, AV dinar (3.89g), NM, ND, A-455-var, citing the deceased Hisham II of the Umayyads of Spain (ruled 976-1009 & 1010-1013), whose name continued to be cited on post-Umayyad coins in Spain & North Africa for several more decades; this piece likely struck between the 1020s and 1040s, VF**, RRR** $500 - 800

227. **BANU HILAL: Anonymous**, 11th century, AV dinar (3.93g), NM, A-A461, with the Sunni kalima on the obverse, the names of the 4 Sunni Rashidun on the reverse, XF**, RR** $500 - 600

228. **ALMORAVID: Abu Bakr**, 1056-1087, AV dinar (4.13g), Sijilmasa, AH454, A-461.2, Hazard-30, somewhat crudely engraved dies, as for all known examples dated AH454; slightly uneven surfaces, XF**, RRR** $600 - 700

229. **ALMORAVID: Abu Bakr**, 1056-1087, AV dinar (4.00g), Sijilmasa, AH454, A-461.2, Hazard-30, struck from crudely engraved dies, as for all known examples dated AH454; wavy surfaces, VF**, RRR** $450 - 550

230. **ALMORAVID: Abu Bakr**, 1056-1087, AV dinar (4.19g), Sijilmasa, AH456, A-461.2, Hazard-32, creased; rare date, XF**, RRR** $500 - 600

231. **ALMORAVID: Abu Bakr**, 1056-1087, AV dinar (4.20g), Sijilmasa, AH459, A-461.2, Hazard—, apparently unpublished date, and none on CoinArchives; modestly creased, XF**, RRR** $600 - 700

232. **ALMORAVID: Abu Bakr**, 1056-1087, AV dinar (4.20g), Sijilmasa, AH461, A-461.2, Hazard-35, XF $600 - 700

233. **ALMORAVID: Abu Bakr**, 1056-1087, AV dinar (4.21g), Sijilmasa, AH480, A-461.2, Hazard-51, slightly creased, XF $600 - 700

234. **ALMORAVID: Yusuf**, 1087-1106, AV dinar (4.14g), Sijilmasa, AH485, A-464.1, Hazard-79, slightly uneven surfaces, bold strike, XF $550 - 650

235. **ALMORAVID: ‘Ali**, 1106-1142, AV dinar (4.17g), Marrakesh, AH527, A-466.2, H-325, citing the heir apparent Sir; slightly uneven surfaces, VF**, R** $450 - 550

236. **ALMORAVID: ‘Ali**, 1106-1142, AR qirat (0.91g), Miknasa (Meknès), A-467.1, H-906, lovely well-centered example, always extremely rare with legible mint name, XF**, RRR** $150 - 200

The first known example sold in our Auction 50, lot 205. The Hintata were based in the High Atlas east of Marrakesh, later in the city of Marrakesh itself. They provided military assistance to various Almohad and subsequent Merinid rulers. At some point in the AH520s or 530s Sulayman b. Wanudin was appointed as Almohad governor in Tlemcen, though it is more likely that the coins were actually struck further to the south, possibly as far away as the High Atlas. There are no known coins of the later Hintata rulers.

Although Tilimsan was the chief city of the Ziyanids from AH637, it was retaken by the Hafsids about AH640 (1242/43) and held for a few years (perhaps until about 650), thereafter almost permanently Ziyanid.

'Isa, VF-XF**, RRR** $400 - 500

Ahmad b. 'Isà was likely not actually a Fatimid governor but a local Berber ruler who struck his coins in the name of the Fatimid Imam for hopeful protection against his enemies, including the Umayyads of Spain. The Fatimids administration might have formally accepted this arrangement.

286. **FATIMID: al-'Aziz**, 975-996, AV dinar (3.73g), Filastin, AH375, A-703, Nicol-677, last date digit somewhat weak due to mount removal, but matches the style of other example of 375 with clear date (rather than 378); slightly uneven surfaces, VF $500 - 600

287. **FATIMID: al-Hakim**, 996-1021, AV dinar (4.25g), Misr, AH404, A-709, Nicol-1092, some light surface damage, loop attached, F-VF $400 - 500

Alamut ("eagle's nest") was a remote castle built at 2,000m atop a steep mountain north of Qazwin in Iran. For 166 years, it was the center of an Isma'ili state that consisted of a series of discontiguous mountain strongholds in a sea of hostile territories. Most famously, it was where trained assassins were dispatched across the Middle East to carry out high-profile assassinations as a means of defense against its numerically superior enemies. They claimed the lives of hundreds of prominent targets, including several Abbasid and Fatimid caliphs, Seljuq sultans, and Crusader lords. Alamut was finally conquered by the Mongols and partially dismantled, where a substantial ruin remains to this day.

There is a word after "al-dinar" in obverse margin that resembles "sarkar banu", but we have been unable to find a possible location in or near northern Xinjiang. Further research is essential.

Reverse style and layout as Zeno-168496 which shows the mint name. The obverse of Zeno-168496 and related examples is in the name of Möngke, who died in 1259.

The word below "jital" was formerly suggested to be mint name "tukana" (just "tukan" on Qarlughid type A-1818T), but type Tye-358 confirms the interpretation of "tukana" as "do gani", a denomination, not a mint name! The type was very likely also struck at Kurraman.

525. **CENTRAL ASIA: Anonymous**, ca. 14th-16th century, AV burial token (0.34g), A-3850, cf. Zeno-265529, facing human head both sides; pieced for attachment as usual, choice XF $200 - 250

India

Ancient India

566. **GANDHARA: Anonymous**, ca. 400-325 BC, AR "unit" (3.57g), Pieper—, 6-arm symbol, with two of the arms running through the central circle, blank reverse; very thick (4.5 mm) and narrow (13 mm); actual attribution undetermined, likely an emergency local issue; unpublished and believed to be unique, bold VF**, RRR**, *ex Ian Todd Collection* $200 - 300

The consignor dated this piece circa 550 BC, based on his calculating the weight as 1/3 croesus stater, but this is irrelevant. The form of the 6-arm symbol is very different from the Gandhara "bent-bar" and fractional piece, which are dated circa 450-340 BC, and this piece seems to have a later form of the 6-arm. Unfortunately, neither the find location nor the source of this piece was recorded, so this remains a "mystery coin" awaiting further research!

Shahrewar is the rarest month in the series at Ahmadabad and rarely seen in most collections. This is the only example currently graded at PCGS (Top Pop).

Shah Shuja was based in Rajmahal in Jharkhand state, then called Akbarnagar, but was soon defeated by Aurangzeb, fled toward Arakan, eventually dying in Manipur in AH1071 (February 1661). His known coins are all dated AH1068, nearly all from the mint of Akbarnagar, all extremely rare.

625. **MUGHAL: Aurangzeb**, 1658-1707, AV 1/2 mohur (5.47g), Gulkanda, AH1116 year 48, KM-309A, Hijri date retrograde, cleaned, PCGS graded AU**, RRR** $1,000 - 1,200

AH1102 corresponds with regnal years 34 and 35, and enough of the year is visible that it can only be 34, incorrectly called year 31 on the slab.

627. **MUGHAL: Aurangzeb**, 1658-1707, AV mohur, Bijapur, AH1112 year (4)4, KM-315.15, fantastic strike, NGC graded MS64 $1,100 - 1,400

638. **MUGHAL: Muhammad Shah**, 1719-1748, AV mohur (10.73g), Lahore, AH 115x year 23, KM-438.15, struck one year after the Afsharid Nadir Shah's brief occupation of Lahore, restored to the Mughals in 1739, scratch on obverse and tiny scrape on reverse rim, XF**, R** $1,100 - 1,300

Struck during the governorship of Zakariya Khan at Lahore (1726-1745). Originally confirmed by Muhammad Shah, his role was also approved by Nadir Shah, and retained by the Mughals after Nadir Shah's return to Iran, in what was either late in Muhammad Shah's regnal year 22 or very early in year 23. There is a symbol resembling a horseshoe above the first letter of the word "ghazi" on the obverse. It is also known above the central word "shah" on the obverse of a mohur dated AH1156 year 26 (Zeno-146457). We have not observed the symbol on any common silver rupee of Muhammad Shah, and there is at present no reason to associate the horseshoe with Zakariya Khan.

639. **MUGHAL: Muhammad Shah**, 1719-1748, AV mohur, Shahjahanabad (Delhi), AH113x year 4, KM-439.4, PCGS graded MS62 $1,100 - 1,300

650. **KUTCH: Lakhpatji**, 1752-1761, AR 1/2 rupee, Bhujnagar, AH1169, KM-—, Ra-101.1, struck in the name of Ahmad Shah Durrani, his couplet *hukm shod az qadar-i-bechun ba-ahmad padshah / sikka zad bar sim o zar az awj-i-mahi ta bah mah,* hijri date to left // Ahmad's regnal year 9 above *zarb bhujnagar* within circle, Devanagari legend *miraja raja maharau shri lakhpati* around, trident at 12h, a wonderful mint state example of this extremely rare and historically interesting type! PCGS graded MS64, PCGS graded MS63 $2,500 - 3,500

During his reign, Lakhpatji I issued regular silver koris with the name of Ahmad Shah Durrani. This was likely a gesture of deference towards the much feared Afghan conquerer, who had already wreaked havoc across northwestern India and would go on to sack Delhi and Agra. But this extraordinary type, which was struck on the rupee standard, went so far as to feature Ahmad Shah's own couplet and regnal year, while relegating the Kutch ruler's own name and title to the reverse margin. It clearly illustrates Lakhpatji's desire to preserve his prosperous kingdom from destruction, even if it means symbolically prostrating himself before another ruler.

Pridmore attributed this type with its wide rims to trials that took place in 1790. Stevens, however, favors the year 1792 when a trial of the new laminating and cutting machinery took place at the Calcutta mint. It is reported that only 1000 pieces were struck (not necessarily correct amount), then replaced by the narrow border type.

Only 3 examples cited on CoinArchives, sold in our auctions 20, lots 1326-1327, and 21, lot 1201, described as purely Mughal issues, lacking further information at the time. The actual issuer remains controversial. This denomination was produced solely for use in the Malabar Coast, first struck by the Bombay Presidency mint, presumably at Bombay, starting early in the reign of Muhammad Shah. Mughal authority was already diminishing and it seems very unlikely that they would have struck coins for Malabar use. Pridmore calls these coins issues of the Nawabs of Arcot, as they were produced before 1742. However, many coins bearing the mint name Arkat were struck at various locations, and that leaves the possibility that the Madras Presidency produced them briefly outside of Arcot, perhaps at "Chinapatan", which was the mint on Madras Presidency silver coinage since 1692. The overall style is almost identical to the Chinapatan rupees of the same period in the name of Muhammad Shah. They may have been produced without formal authorization, quickly abandoned as the Bombay 1/5 rupee issues became available.

The Indian Distinguished Service Medal (IDSM) was a military decoration awarded by the British Empire to Indian citizens serving in the Indian armed forces and military police. When it was instituted in 1907 it was the second highest award available to Indians, behind the Indian Order of Merit (IOM). However, when eligibility for the Victoria Cross was extended to cover all Commonwealth subjects in 1911, the IDSM became third highest in the order of precedence. It was instituted in order to recognise acts of gallantry that did not meet the standards required of the IOM.

The 106th Hazara Pioneers was a pioneer infantry regiment of the British Indian Army. They were formed in 1904 at Quetta from Hazara people. They were disbanded in 1933.

The British Indian Government stopped minting the 1922-dated silver one rupee coins in 1923 according to mint records, and never authorized another one rupee coin for circulation until more than 15 years later. This meant that the British Government had not resumed production until late 1939 or January 1940, when the 1938 one rupee coins were minted and released. The only reason new coinage resumed in 1939 was because of the increase in commerce in India from World War II. The majority of the 1938 one rupee issue was minted in the year 1940, and "a small quantity 1938 coins were minted in the end of 1939," as noted by Pridmore. It was not possible to strike the 1938 one rupee with the Type II obverse any sooner than late 1939. It is likely that the 1938 one rupee mintage was issued in its entirety, but thats not true for the 1939 one rupee. It had been speculated that the actual number of coins struck for the 1939 one rupee was between 7,500 to 10,000 coins with a survival rate of 1% to 2% making it one of the greatest rarities of British Indian coinage!

One of the Heaviest Examples of "Yap Stone" Money (rai stone) to Appear in Public Auction!

1109. **MICRONESIA: Yap**, rai stone money (43.5kg), ca. 1871-1931, Opitz p.316-21, Quiggin p.144, 62 x 58 x 9cm, 96lbs, post-O'Keefe type, made from crystalline calcite, holed in the center, accompanied by two wooden storyboards (with sawtooth hangers for mounting) and a flag of the Trust Territory of the Pacific Islands (used 1965-1980), one of the heaviest examples of this famous ethnographic currency to ever appear in a public auction! XF, *ex Clifford M. Ray Collection* $10,000 - 15,000

Known locally as raai or fei, the Yap stone money is a disc-shaped stone with a hole in the center for transportation, with sizes ranging from 12 feet to a mere two inches in diameter. The rock for the stone money is not found on Yap itself and was instead sourced from Palau, located some 280 miles (450km) away. Prior to the arrival of European traders, a Yapese chief would grant permission to a work crew to sail to Palau, manufacture the money, and bring them back in their outrigger canoes. Due to the limited means of transportation, these stones were no larger than four feet. Bigger examples did not appear until after the arrival of Western traders and their large ships in the late 19th century.

While smaller stones could be carried for a transaction, the larger ones were not physically exchanged but simply displayed in public, often outside of one's house or on the side of a road. Instead, much like today's cryptocurrencies, each stone has a unique oral history of ownership that is agreed upon and widely known to the community. In fact, one stone, according to oral tradition, fell into the ocean during a storm just before it reached the island. But because everyone agreed that the stone was still there, it continued to be used just like any other stone money, long after anyone had laid eyes on it.

Stone money was produced as late as 1931, and a contemporary survey found a total of 13,281 pieces on Yap. However, many were destroyed and used for road construction during WWII, and only half are estimated to have survived to the present day. As a result of their scarcity, the Yapese government imposed severe restrictions on their export in 1965 and has since allowed only a small number of stones to leave the island, mostly as gifts to foreign dignitaries. Hence all examples of the stone money on the market today are very rare and highly sought after.

The consignor arrived on Yap on June 1, 1971, as a member of Seabee 6207 of US Naval Mobile Construction Battalion 62. For eight months, the 13-member team worked on a goodwill mission to upgrade Yap's civic infrastructures, including the building of culverts, a bridge, a school, and housing for the local people. As an expression of gratitude, the Yapese presented stone money as gifts to members of Seabee 6207 before their departure on January 31, 1972. This includes an example currently on display at the US Navy Seabee Museum in Port Hueneme, CA. By the same token, the consignor was able to export the stone being offered here, which he purchased from a Paulus Dabgusiy of Arngel Village in Dalipebinaw Municipality, with the approval of the village chief, the municipal magistrate, and the Office of the District Administrator.

See image of the sale receipt online, whose original copy has been lost. The print had faded, hence the photo was later superimposed with digital text by the consignor.

A Very Rare "Russian Influence" Korean 5 Chon

1207. **KOREA: Kuang Mu**, 1897-1907, 5 chon, year 6 (1902), KM-1122, Russian Influence series, one year type struck at the Yongsan mint, PCGS graded XF40 $7,000 - 9,000

Between 1898 and 1905, Russia actively pursued its imperialistic ambitions in Korea, aiming to expand its dominance and secure strategic gains in the region. The design of this one-year type shows that influence with a Russian style eagle with eight Korean taegukgi and trigrams on the wings representing water, heaven, thunder, wind, mountain, earth, lake, and fire and a central taegeuk at center. Russia's defeat in the Russo-Japanese War of 1904-05 ended its designs on the Korean Peninsula. This has always been a popular issue in Korean numismatics and scarce in any condition.

Minting equipment from the Incheon mint was moved to Yongsan in September of the year 1900 and cupronickel coins at this time were struck in small quantities. The Korean government, under pressure, signed a treaty recognizing Japanese protection on February 23, 1904. The Yongsan mint would close in November 1904 after the Japanese occupation began.

1211. **KEDAH: Ala'uddin**, ca. 17th century, silvered tin tarra (8.59g), SS-5Avar, *al-sultan 'ala' al-din mukaram shah // khallada Allah mulkahu fi al-din al-haqq wa-'izzahu* ("May Allah perpetuate his reign in the religion of the truth and his glory"), light smoothing, some peripheral adhesions, F-VF**, RRR** $300 - 400

LOTS 1210 & 1211: These examples are the same type as the plate example of SS-5, though Singh gives a different ruler's name (Zia'uddin) and a completely different reading of the reverse side. Similar to the otherwise unknown Awaluddin (cf. our Auction 41, Lot 1445), there is no Ala'uddin among the list of rulers of Kedah. These coins are the only two examples we are aware of beside Singh's plate example.

1212. **PATANI-KELANTAN: Anonymous**, AV kupang (0.59g), 16th-17th century, SS-40, Prid-146, Jawi legends *paduka shah alam* ("His excellency, ruler of the world") // *isma 'adil* ("just name"), reverse lightly cleaned, AU $200 - 250

Due to the shortage of small coins in circulation, the Batavian government decided on November 9, 1658 to produce copper "tangen" in the same shape as the larin circulated across the Indian Ocean. However, as the master swordsmith at Batavia Castle found copper too difficult to work with, it was replaced on May 28, 1660 with tin.

The State of Chu was an ancient Chinese state in the Yangtze valley during the Zhou Dynasty. Originally Chu was considered a viscountcy, but starting from King Wu in the early 8th century BC, the rulers of Chu declared themselves kings on an equal footing with the Zhou rulers. Originally known as Jing and then as Jingchu, Chu occupied vast areas of land at its height, including most of the present-day provinces of Hubei and Hunan, along with parts of Chongqing, Guizhou, Henan, Anhui, Jiangxi, Jiangsu, Zhejiang, and Shanghai. The hao in the reverse inscription shi hao probably refers to ten ant nose type coins. These spades are thick and robust with well developed rims all the way around, with a large round hole in the top.

The "Bai Jin San Pin" (White metal three kinds), according to the Records of the Grand Historian, was introduced in 119 BC during the reign of Emperor Wu as both the Han-Xiongnu War and the territorial expansion of the Han Empire caused the imperial government to desperately increase their revenues. Among the reasons why the government started issuing this new type of currency was to remedy the inflation caused by the excessive issuance of bad money, but the Bai Jin San Pin would prove to be an insufficient solution. The Records of the Grand Historian claim that the new "Bai Jin" (white metal) money was a mixture of silver and tin. The term San Pin refers to the fact that it was a series of three coins with different denominations: Dragon 3000 cash coins, Horse 500 cash coins and Tortoise 300 cash coins.

Possibly cast in Balasagun, which was an ancient Sogdian city in modern-day Kyrgyzstan, located in the Chuy Valley between Bishkek and Issyk-Kul Lake. Balasagun was the capital of the Western Liao Dynasty (1124-1218), also known as Qara Khitay ("Black Cathay"). It was founded by Yelü Dashi, a member of the Liao royal family, who led the remnants of the Liao Dynasty to Central Asia after fleeing from the Jurchen conquest of their homeland in the North and Northeast of modern-day China. It was usurped by the Naimans under Küchlük in 1211 and finally destroyed by the Mongol Empire in 1218. Da Chao, meaning "Great Dynasty", was the Chinese name the Mongols used for themselves. According to Hartill, "This [silver] coin is alleged to have been cast by the legendary Genghis Khan at his capital at Karakorum." This would place the date about 50-60 years prior to the formal foundation of the Yuan dynasty in 1271. A more likely attribution by Belyaev & Sidorovich (2017) puts this series between 1251 and 1262 during the reign of Möngke Khan and the early years of Kublai Khan.

The national emblem arranges these symbols in such a way to reflect the order of achievement in western heraldry.

The name Mukarram appears frequently on coins of Kedah during this period, even after the death of Zia'uddin al-Mukarram Shah (1661-87). It is plausible that his successors kept striking coins in his name posthumously.

After the fall of Shanghai, the city of Changzhou fell to the rapidly advancing Japanese army on Nov. 29, 1937. After months of carnage and destruction, survivors returned to the city by the end of 1938 and encountered an acute shortage of coins due to the closure of the Central Mint in Shanghai. Local merchants thus began issuing copper tokens, as well as paper vouchers and tally sticks, in order to facilitate commercial transactions. Over the next two years, a plethora of varieties were issued by businesses across the city. This practice was finally put to an end by the Wang Jingwei regime and replaced with the Central Reserve Currency.

End of Auction

TERMS OF SALE (AS OF AUGUST 2025)

1. Auction Basics. This is a public auction sale conducted by California bonded auctioneers, Stephen Album Rare Coins Inc. (hereinafter referred to as "Auctioneer"). Bidding in this Auction constitutes acceptance by you (the "Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction consigned by the consignor or by other consignors pursuant to their consignment agreement. The Auctioneer reserves the right to include in any auction sale its own material. Bidder acknowledges and agrees that the Auctioneer may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting there from is expressly waived by all participants in the Auction. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stephen Album Rare Coins Inc. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stephen Album Rare Coins Inc. is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stephen Album Rare Coins Inc. and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. Stephen Album Rare Coins Inc. does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or their agent, a Bidder by mail, telephone, internet or fax, or any other participant in the Auction. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in his or her sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid or pre-sale internet bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces it.

Absentee bids may be placed by fax, mail, email, or by telephone. Online bidding is also available on www.iCollector.com. Follow the link on our website, www.stevealbum.com in order to bid online. Your bids will be treated as a maximum bid. The winning bid will be one increment above the next highest bidder, or at the starting bid.

Stephen Album Rare Coins Inc. is not responsible for any errors in bidding. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stephen Album Rare Coins Inc. reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction.

4. Buyer's Premiums and Payments. A Buyer's Premium of twenty percent (20.0%) or twenty dollars ($20), whichever is greater, will be added to the hammer price for each lot to all successful bids. Accepted payments are by Visa, MasterCard, American Express, PayPal, cash, cashier's check, money order, approved personal check or bank wire transfer. If the purchaser pays by credit card (including credit-debit cards) or by PayPal, an additional service fee of four percent (4.0%) will be added. This service fee will apply to the hammer price, buyer's premium, shipping, and sales tax. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction (the "Default Date"), without exception, time being of the essence, unless otherwise agreed in writing prior to the Auction. Any bidder who does not pay within the standard deadline of fourteen (14) calendar days, regardless of any approval of alternative payment arrangements, may be considered a negligent payer and may be subject to increased scrutiny and additional requirements in order to participate in future auctions. If a credit card is provided before the sale, Stephen Album Rare Coins reserves the right to charge your credit card for the total of your auction purchases if payment has not been received within the fourteen (14) calendar days deadline. All auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Personal checks must clear our bank before lots are delivered. Bounced or returned checks are subject to a $35 fee.

Payments by PayPal are restricted to a maximum of $5,000 per client. Payments by credit card are restricted to a maximum of $10,000 per invoice. If a credit card has been used to pay for one invoice from the auction, it may not be used to pay for another invoice in the auction, regardless of the total amount of either invoice. We reserve the right to modify these payment limits, and we reserve the right to refuse payment by credit card or PayPal at our discretion, in which case a bank wire, check, or cash equivalent will be required.

Please contact Stephen Album Rare Coins Inc. for wiring instructions. Please inform us <u>after</u> bank wire has been sent. Please be advised that payments coming by wire transfer usually only take a few days to arrive, but in rare cases they can take up to a few weeks to arrive due to US government regulating, resulting in a delay of shipment of your lots. Lots will not be shipped until your full payment has arrived in our bank account. There is a $15 fee for all bank wire transfers.

Stephen Album Rare Coins Inc. reserves the right not to release lots for which funds have not yet been received in full. On any past due accounts, Stephen Album Rare Coins Inc. reserves the right, without notice, to extend credit and impose carrying charges of 1% per month. Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stephen Album Rare Coins Inc. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stephen Album Rare Coins Inc. reserves the right to require a written guarantee of such payments and obligations.

Lots are not available for pickup during the auction. Lots may be available for on-site pickup on the Monday following the sale if a formal request for pickup is provided by the Buyer before the auction, during the auction, or within 1 hour of the close of the final lot on the final day of the auction. We reserve the right to refuse this request for pickup, at our discretion. For on-site pickup, we will only accept cash or a bank transfer. If paying by bank transfer, the funds must reach our account before we will allow you to collect your lots.

5. Credit. Bidders who have not established credit with Stephen Album Rare Coins Inc. must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction session(s) or such other amount as Stephen Album Rare Coins Inc. may, in its sole and absolute discretion, require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

6. Shipping and Insurance. It is the Buyer's responsibility to contact Stephen Album Rare Coins Inc. after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stephen Album Rare Coins Inc. may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. All state taxes, postage, shipping, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stephen Album Rare Coins Inc. no later than thirty (30) days after payment. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Delivery outside the USA will be by USPS registered mail, express mail or by FedEx and will include insurance on all shipments up to $50,000. Buyers will be billed additional insurance charges on a shipment or combined shipments valued at above $50,000. Any claims of loss or damage will only be paid by Stephen Album Rare Coins Inc. only after the insurers' investigation is complete. If the Buyer opts for another form of shipment other than the above, items will be shipped at their risk and they will assume all risk due to theft, damage or loss. A Buyer opt out of the Stephen Album Rare Coins Inc. standard shipping listed above must be in received in writing before shipment will be made.

Stephen Album Rare Coins Inc. cannot accept any responsibility whatsoever for customs duties charged by the country of destination or seizure of items by customs, domestic or foreign.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California without a valid Resale Certificate which has been provided to the Auctioneer. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of Two Thousand Dollars ($2,000) are exempt from California sales tax. On any tax not paid by Buyer that should have been paid, even if not collected by Stephen Album Rare Coins Inc. by mistake, error, negligence or gross negligence, Buyer remains liable for and agrees to promptly pay the same on demand together with any interest or penalty that may be assessed.

7. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stephen Album Rare Coins Inc. reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stephen Album Rare Coins Inc., in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stephen Album Rare Coins Inc. to satisfy the indebtedness, plus all accrued charges, and Stephen Album Rare Coins Inc. may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stephen Album Rare Coins Inc. If the Auctioneer resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stephen Album Rare Coins Inc. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stephen Album Rare Coins Inc., including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stephen Album Rare Coins Inc. for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stephen Album Rare Coins Inc., or assignees, the right to offset any sums due, or fund to be due to Stephen Album Rare Coins Inc., and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of the Auctioneer or from any sums due to Buyer by Stephen Album Rare Coins Inc., its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stephen Album Rare Coins Inc., or its assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stephen Album Rare Coins Inc., its affiliates or assignees, to secure all indebtedness due to Stephen Album Rare Coins Inc., plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stephen Album Rare Coins Inc. the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stephen Album Rare Coins Inc. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one percent (1%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stephen Album Rare Coins Inc. or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction. Stephen Album Rare Coins Inc. reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stephen Album Rare Coins Inc. shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

Neither Stephen Album Rare Coins Inc. nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction are personal and apply only to the Bidder who initially purchases the lot(s) from Stephen Album Rare Coins Inc.. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions.

11. General Terms. These Terms and Conditions of Auction and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction. Any dispute arising out of or related to these Terms of Sale, the Auction or any lot, with the sole exception of actions by Stephen Album Rare Coins Inc. to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the International Association of Professional Numismatists (I.A.P.N.). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Sonoma County, California; and any court proceeding shall be in the Sonoma County Superior Court, in the State of California. Bidder agrees that any arbitration or legal action with respect to this Auction is barred unless commenced within one (1) year of the date of this Auction. These Terms of Sale and the information on our website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stephen Album Rare Coins Inc. may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

12. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on your bid sheet. This is a personal service and a Stephen Album Rare Coins Inc. representative will personally attend to your bid sheet by bidding from the auction book, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly.

13. Floor Bidding. We reserve the right to refuse to allow a person to attend the live floor bidding session of the sale, and also reserve the right to eject disruptive or non-compliant bidders from the floor session, at the discretion of the auctioneer. Photography is prohibited for all attendees. Smoking within the building is prohibited for all attendees. Lot pickup for items won by bidders who bid live from the auction floor will be allowed no sooner than 24 hours after the final lot is hammered on the day that the lots were won. This pickup timeline may be altered at the discretion of the auctioneer.

Stephen Album Rare Coins Inc. auctions are not approval sales. Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.
