FEATURED COLLECTIONS

The Kenneth A. Bovenkamp Collection of Ottoman Coins

Kenneth A. Bovenkamp (1953-2025) was born in Washington state and raised on a small farm in Lynden, WA where he first started collecting coins as a child. He was a passionate collector of many things, but it was coins and their history that truly captured his interest and attention. Each piece told a story, and for Ken, history lived within the metal itself.

In 1974, Ken joined the United States Air Force, a chapter of life that would prove pivotal to his numismatic journey. During his first tour of duty in Turkey, he found himself surrounded by the deep and layered history of the region, from the ancient civilizations of Anatolia to the grandeur of the Ottoman and Byzantine Empires, to the crossroads of ancient trade. It was there that his love of history and his growing interest in coins converged into a lifelong passion.

Over nearly 50 years, Ken built an impressive collection that reflected both his historical curiosity and scholarly dedication. His vast collection was mentally cataloged, and he could recall the historical, political, and cultural significance of every coin he owned with remarkable detail, even for pieces that he did not have but that he hoped to one day acquire. His collection was more than a hobby, it was a living timeline, a way of connecting with people and civilizations across centuries.

Ken's passion extended far beyond his own collection. In retirement, he became a familiar face at local coin shows where he eagerly shared his knowledge with others. Many remember him as both a mentor and a friend, a collector whose enthusiasm inspired newcomers. He delighted in conversation, whether at a show table or with a stranger at the grocery store checkout line, Ken loved nothing more than sharing the tale of his latest find and the historical importance behind it.

Ken's family now honors his memory by bringing his lifetime collection to auction, hoping that each coin will find its way to a new steward, someone who shares his deep appreciation for their beauty, meaning, and place in history. The coins offered in this sale represent only the initial part of the vast quantity and array of items that will be coming to auction from this collection throughout 2026 and likely into 2027.

The Dr. Dirk Löer Collection of Chinese Coins

In continuation of our offerings of the Dr. Dirk Löer Collection there are numerous rarely encountered types in choice condition. The primary focus of the collection is ancient and vintage cash coins.

Just one of many highlights is:

LOT 1420 - WESTERN HAN: Han Wudi, 141-87 BC, lead 300 zhu (11.5g), Tortoise type of *bai jin san ping*, with the domed shell of the turtle representing the round sky above and its flat bottom symbolizes the flat earth below in ancient Chinese cosmology, and a square stamp on reverse reading shao or shao fu, graded 'Genuine' by GBCA Grading Company

The Syed Rabbi Collection of Indian Coins

The Syed Rabbi Collection is composed of hundreds of diverse and interesting items from across the broader historical Indian region, as well as a few general world coins and gold. We have curated 80 select highlights to present to you in this auction. (The additional pieces from the collection will be found in our June 2026 auction). While there is extensive variety in the collection, the focal points are the artistic figural coinage of the Gupta Empire, the Kushan Empire and those of the Samatatas.

One highlight of the collection is illustrated at left:

The 1914 Collection of World Coins

This focused collection found its first entries in 1977 with the purchase of a pair of India 1914 rupee and ½ rupee proof restrikes. From there it grew into hundreds of pieces, with the focus always being on quality examples. The year 1914 was chosen due to the historical significance of the time (the start of WWI), the diversity of coin designs that emerged, and also the diversity of minting processes in place across different regions of the world. One highlight from the collection is shown at left:

48. **ALKHON HUNS: Mihirakula**, ca. 515-530, AE unit (7.67g), Mitch-3779, king standing, holding spear & offering sacrifice, legend around // Ardoksho enthroned, holding cornucopia and diadem; unusually nice example, VF**, RR** $150 - 250

49. **HUNNIC TRIBES: Anonymous**, dates unknown, AR unit (2.65g), Zeno-352326 (this piece), see also Zeno-279809 for further information, bearded bust right, wearing winged crown with korymbos, symbol (sometimes identified as ankus) and tamgha to right // three-line Bactrian legend, with 3 additional symbols below; one of two known examples (the other is Zeno-279809 that weighs only 1.33g), VF**, RRRR** $1,300 - 1,600

Nicholas Sims-Williams has suggested (on Zeno-279809) that this example should be classified under the Western Turk Yabghus and may include a name like Vasu or Uvasu for the ruler. He has also suggested should be numerals for the date of 494 in the Bactrian era, which would be approximately 716 AD, but that is very tentative.

Islamic Coins

Early Pre-Reform

51. **ARAB-SASANIAN: Aslam (Asram) b. 'Anfawa**, fl. 686, AR drachm (2.66g), GD (Jayy), AH67, A-F27, standard obverse with the Pahlavi name read as *aslm i awpawa*, though the patronymic seems more like *swphan*, with small Pahlavi monogram in ObQ1 // standard reverse with clear mint & date, clipped down to a later standard, VF $25,000 - 30,000

The only other known example is in the Fitzwilliam Museum, #CM.IS.31-R. This is the second known example. The Fitzwilliam example is illustrated by Hodge Malek in Volume I, p. 272, with a brief discussion of what little might be known of this governor.

52. **ARAB-SASANIAN: Khusraw "lillâh" type**, ca. 656-670?? AR drachm (3.98g), WH (Junday Sabur), YE35, A-A6, Malek-1274, with just *lillah* ("for God") instead of *bism Allah* in the second quadrant of the obverse margin, VF-XF**, RR** $200 - 300

53. **ARAB-SASANIAN: Anonymous**, AR drachm (3.48g), AKWLA (al-Kufa), A-34G, Malek-12 (different dies), with *muhammad rasul Allah* replacing the governor's name right of the portrait, with *bism Allah la ilah / illa Alla wahdahu* filling ObQ2 and ObQ3 // mint name in the usual location, but undeciphered symbol or monogram replacing the date; 4th outer circle added on the reverse; exceedintly rare, only the 2nd known example! XF**, RRRR** $12,000 - 16,000

This is a newly discovered Arab-Sasanian drachm with "Muhammad Rasul Allah" instead of the ruler or governor's name before the obverse portrait, and only one of two known from the mint of AKWLA (al-Kufa). The three previously known versions (A-34D, 34E, 34F) are likely all produced during the AH70s (690s) and all are of extreme rarity.

54. **ARAB-SASANIAN: 'Ubayd Allah b. Ziyad**, 673-683, AR drachm (3.78g), BH, AH61, A-12, Malek-209 (listed by Malek as AH60, but clearly 61 in his illustration), unidentified mint, but the similarity to the BCLA (al-Basra) drachms of AH61 suggests that it should be a mint somewhere in either southern Iraq or Khuzestan province, choice XF-AU $150 - 250

55. **ARAB-SASANIAN: Khalid b. 'Abd Allah**, ca. 692-694, AR drachm (3.66g), BCLA (al-Basra), AH74, A-24A, Malek—, with *muhammad rasul Allah* in ObQ3, pellet after *bism Allah* in ObQ2; extra outer circle added around the reverse, used at Basra AH73-75, of which only AH73 is occasionally available; evenly worn, Fine**, RRR** $400 - 600

56. **ARAB-SASANIAN: Khusraw type**, 691-693, AR dirham (2.87g), Dimashq, AH72, A-D6, Malek-524, standard obverse with the name of Khusro right of the portrait, and the Islamic statement *bism Alah / muhammad rasul / Allah* in the margin // normal reverse (fire altar & two attendants), mint name to left, date written out to right, both in Arabic; clipped down to the post-reform Umayyad standard, VF**, RRR** $10,000 - 12,000

This is the first Islamic coin to bear the Hijri date written out in Arabic, always in Pahlavi for earlier dates.

57. **ARAB-SASANIAN: Khusraw type**, 691-693, AR dirham (3.12g), Dimashq, AH73, A-D6, cf. Malek-525, standard obverse with the name of Khusro right of the portrait, and the full Islamic statement *bism Alah la ilah illa Allah muhammad rasul Allah* filling the entire margin // normal reverse (fire altar & two attendants), mint name to left, date written out to right, both in Arabic; some light porosity, nearly XF**, RRR** $12,000 - 16,000

Malek-525 has the mint name right and the date left on the reverse, but most examples, including this piece and all of the 6 examples filed on CoinArchives, have the mint left and the date right.

58. **ARAB-SASANIAN: al-Hajjaj b. Yusuf**, 694-713, AR drachm (3.84g), BYSh (Bishapur), AH81, A-35.2, very rare subtype, with the name al-Hajjaj repeated in Pahlavi (*hagag*) in ObQ3; evenly worn, Fine**, RR** $300 - 400

59. **ARAB-SASANIAN: al-Hajjaj b. Yusuf**, 694-713, AR drachm (4.05g), DA+P (Fasâ, YE71 (=AH83/84), A-36, Malek-510/512 (different dies), governor's name in Pahlavi (HAKAK Y YWSPAN), Pahlavi MN in ObQ3 // pellet at 11:30 in the margin; a lovely strike with light even wear, XF**, RRR** $1,000 - 1,500

60. **ARAB-ARMENIAN: Anonymous**, early 700s, AR zuzun (2.76g), NM, stylized year "6", A-M97, in the name of the Sasanian king Hormizd IV, with the full Shahada filling the obverse margin after the phrase *bism Allah,* and with the denomination ZWZWN, Aramaic for "drachm", instead of a mint name on the standard position on the reverse, excellent strike for this type, XF**, RRRR** $4,000 - 5,000

There are three genuine examples of this type with the full Shahada posted on Zeno, #96964 with the additional phrase "rabbi Allah" added on the reverse margin (sold in M&E Auction 48, Lot 1), #153562 with "rabbi Allah" instead of ZWZWN at the mint location on the reverse, and #314067, without "rabbi Allah" (sold in our Auction 46, lot 173). The full Shahada was introduced on the Arab-Sasanian coinage during the governorship of al-Hajjaj b. Yusuf (694-713), whence it seems likely that this type could not have been introduced before 694, replaced shortly afterwards by the type that replaced the name Hormizd with Muhammad (A-E97) and the Arabic word "waf" in the obverse margin, introduced circa 700. The prototype was the relatively common Sasanian-Armenian type in the name of Hormizd, usually with year "6" and the phrase ZWZWN in lieu of a mint name (e.g., Zeno-17577).

61. **ARAB-BYZANTINE: Two Standing Figures**, ca. 690s, AE fals (2.73g), NM, A-3515A, first half of the kalima divided, *la ilah illa* to the right, *Allah wahdahu* left, and *la sharik lahu* between the 2 figures on the similar type A-3515 // circle-on-steps, star left & right, same half of kalima repeated as circular legend around, F-VF**, RRR** $400 - 500

Generally as type A-3515 (Walker-Kh.1), but with "la sharik lahu" instead of "muhammad rasul Allah" between the two figures.

62. **ARAB-BYZANTINE: Standing Caliph**, ca. 692-700, AE fals (3.10g), Iliyâ (Jerusalem), ND, A-3545, standing caliph, *muhammad rasul Allah* around // cursive **m**, *filastin* right and *iliya* left, well-centered strike without any weakness, strong VF$150 - 250

Iliya is from the Roman Imperial Latin name Aelia Capitolina for the city of Jerusalem.

No examples of Hamadhan AH82 of any version are cited on CoinArchives or acsearch, just one on Zeno (shortened "2" of the date "thanatayn").

Madinat al-Salam was invaded by the Mongol armies in AH656 (1268). The caliph al-Musta'sim was captured and executed, allegedly stamped to death by an elephant. Also most of the sources claim that the city was uttered destroyed, that is clearly just an exaggeration, as Mongol gold and silver coins were struck at Madinat al-Salam later in AH656!

Though the attribution seemed at first tentative, it makes sense because Harun b. Muhammad was the Abbasid governor of Makka (AH268-271) during the eastern heirship of al-Muwaffaq (AH260-273), who is also cited on dinars of San'a struck AH263-274 together with his son Ahmad (AH274-278).

110. **ABBASID:** AE fals (3.91g), Makka, AH205, A-M300, cf. Zeno-258878, citing the mint Makka below the obverse field and the name Muhammad above and the word *'adl* below the reverse field; some corrosion, Fine**, RRR** $150 - 250

VF**, RRRR** $400 - 600

'Ali**, 1142-1145, AV dinar (3.44g), Sijilmasa, AH534 (sic), A-471.1, H-—, despite the date, this is surely another posthumous issue, presumably struck by order of straggling local authorities still loyal to the defeated Almoravids; creased, but decent quality, and appeared to be unpublished and probably unique, XF**, RRRR** $700 - 900

The same type, dated 544, has been reported by Hazard, his #407, and there is also 543 (sold in our Auction 40, lot 310).

The Ziyanids lost control of their capital at Tilimsan (Tlemcen) in AH737, regained it in AH760 (plus a very brief recovery during part of 749-753), and it is likely that the first imitations were struck somewhere during that period.

This is first reported Fatimid coin of Tanja (Tangiers) for al-Mu'izz, previous report for al-Qa'im (our Auction 53, lot 1848) and al-Mansur (our Auction 51, lot 198). The date is probably AH350, not 354 as previously suggested.

*This coin and **Lot 301** were issued during the brief but tumultuous period between the assassination of al-Âmir and the controversial succession of his cousin al-Hafiz. When al-Âmir was killed by Nizari agents (i.e. the Order of Assassins) in October 1130, he left behind a six-month-old son, al-Tayyib, without a vizier or regent. As the oldest surviving male of the dynasty, al-Hafiz (then known as 'Abd al-Majid) assumed the role of the regent and effectively became the head of state. But this was met with opposition from the army, which quickly placed him under arrest and installed Kutayfat (also known as Abu Ali Ahmad ibn al-Afdal) as the new vizier. The infant al-Tayyib had disappeared amid the power struggle and was never heard from again. Kutayfat thus ruled in the name of a hidden imam by the name of Abu'l-Qasim Muhammad al-Muntazar bi-Amr Allah and issued coins in that name. His rule lasted barely over a year when members of al-Âmir's bodyguard assassinated him in early December 1131. Al-Hafiz ascended the throne in the next month, thus bringing an end to the interregnum. However, his succession caused the Ismaili faith—already fractured by the Nizari schism—to further splinter. Those who recognize the legitimacy of al-Hafiz and his successors formed the now-extinct Hafizi sect; those who do not became the extent Tayyibi branch, which believes al-Tayyib went into seclusion (not unlike the final imam in Twelver Shia Islam) and is publicly represented by the Da'i al-Mutlaq ("absolute missionary").*

Alamut ("eagle's nest") was a remote castle built at 2,000m atop a steep mountain north of Qazwin in Iran. For 166 years, it was the center of an Isma'ili state that consisted of a series of discontiguous mountain strongholds in a sea of hostile territories. Most famously, it was where trained assassins were dispatched across the Middle East to carry out high-profile assassinations as a means of defense against its numerically superior enemies. They claimed the lives of hundreds of prominent targets, including several Abbasid and Fatimid caliphs, Seljuq viziers (including the great Nizam al-Mulk in 1092 AD), and Crusader lords. Alamut was finally conquered by the Mongols and partially dismantled, where a substantial ruin remains to this day as a popular tourist site.

The small town of Qayin (modern Ghayen) is located in Quhistan province, an arid region with small mountains, along the main highway from the town of Gonabad to Birjand. In the early thirteenth Century AD when Mongol and Khwarizmshah conflict was ignited, the region lay within the realm of Khwarzmshah. Mongol onslaught was initially directed against major population Khwarizmian centers, like Samarqand, Bukhara, Merv, etc., but as the Khwarizmian resistance melted, the Mongol armies mopped up the entire region. One of the several branches of the Mongol army marched south to Nimruz (Sistan province), either from Nishapur or Herat, passing well to the east of Qayen, that was located within the arid and otherwise desolate Quhistan region. Areas now comprising the western edge of modern day Afghanistan were invaded from the North-north West side, which was just to the east of Quhistan, where Qayen was located. Arrival of Mongol armies in the region, combined with the news about the most atrocious manner in which large cities were invaded and entire populations annihilated, had created a chilling effect. Peripheral towns and villages conceded without any resistance. Whoever was in charge at Qayen must have chosen to strike its coins in the name of Chingiz Khan, in effect, a statement of confession, an attempt at appeasing the "World Conqueror" under the hope that Mongol army would not invade and devastate the city of Qayen, a wise move, which indeed ultimately saved the city from absolute destruction.

461. **GREAT MONGOLS: Chingiz Khan**, 1206-1227, AV dinar (2.87g), Bukhara, ND, A-1964, obverse legend *chingiz khan / al-'adil / al-a'zam,* full mint name above the reverse field; average strike, VF**, R** $2,000 - 2,500

It has recently been suggested that this type was not necessarily struck at Ghazna, but by the Mongol military after it departed from Ghazna when chasing Mangubarni towards the Indus River, with minting equipment brought along from Ghazna.

463. **GREAT MONGOLS: temp. Ögedei**, 1227-1241, AV dinar (2.44g), Samar(qand), AH(6)30, A-A-O3738 (B1967), totally anonymous, without even the caliph's name, mint above the obverse, date in the obverse margin, about 5% flat strike, VF-XF**, RR** $450 - 550

This type was originally assigned to Khuy, with the first known specimen in the Tübingen collection with the mint described as "Khuy? mint uncertain", the second sold in our Auction 35, lot 1388 (same obverse die), where I assumed "Khuy" was most likely, even though the last letter looks more like R or Z rather then Y, but the next segment of the margin was off flan. This piece, the 3rd known example, shows the rest of the mint name and confirms that it is Khûzistân, the southwest Iranian region, not Khuy, and the style is more appropriate for southern Iran rather than the northwest!

The Ghorahghat mint, situated on the west bank of the Karatoya River in present-day Dinajpur district of Bangladesh, served as an important military and administrative outpost during the Mughal era. It played a significant role in the Bengal campaigns under Emperor Akbar, notably in 982 AH (1574 AD) when General Majnun Khan Qaqshal was dispatched toward Ghorahghat in pursuit of the fleeing Afghan Sultan of Bengal, Daud Khan Karrani. The strategic location of Ghorahghat-at the southwestern frontier of the Koch kingdom-made it a critical gateway to Bihar and northern India. Upon his accession in AH 1037 (1628 AD), Emperor Shah Jahan replaced Fidai Khan (a governor under Jahangir) with Qasim Khan Juyini as Subahdar of Bengal. This minting likely reflects early administrative and military assertion in the region following Shah Jahan's coronation.

The heavy rupees of Shah Alam Bahadur were struck at a few mints, principally in AH1123 with regnal year 5, more rarely 1123 year 6, plus a very few examples of 1122 year 4 and 1122 year 5, and only 1122 year 5 for Tatta. The analysis of these heavy rupees by Alan Deshazo was published in the ONS Journal #220 (summer 2014). He reportedly did this as a traditional gesture, asking them to aim for his chest rather than his head so his face would remain recognizable for his mother.

Its naming is partially taken from the Imperial Order of the Mexican Eagle, which was created by Maximilian I of Mexico on January 1, 1865. Eduard Kann states that these were possibly struck at the United States Mint in Philadelphia. This was based on the fact that the patterns often show up in the USA, as well as a collection Kann viewed when writing his book. The owner of that collection was of the view that these were struck in Philadelphia. Basically the Philadelphia Mint theory is just conjecture and not based on any solid fact. It is also possible that they were struck in Canton, Kwangtung Province. The Canton mint at this time was one of the largest mints in the world (previously set up by the British). Kwangtung is also very closely located to Kwangsi and seems most logical.

TERMS OF SALE (AS OF APRIL 2026)

1. Auction Basics. This is a public auction sale conducted by California bonded auctioneers, Stephen Album Rare Coins Inc. (hereinafter referred to as "Auctioneer"). Bidding in this Auction constitutes acceptance by you (the "Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction consigned by the consignor or by other consignors pursuant to their consignment agreement. The Auctioneer reserves the right to include in any auction sale its own material. Bidder acknowledges and agrees that the Auctioneer may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting there from is expressly waived by all participants in the Auction. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stephen Album Rare Coins Inc. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stephen Album Rare Coins Inc. is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stephen Album Rare Coins Inc. and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. Stephen Album Rare Coins Inc. does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or their agent, a Bidder by mail, telephone, internet or fax, or any other participant in the Auction. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in his or her sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid or pre-sale internet bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces it.

Absentee bids may be placed by fax, mail, email, or by telephone. Online bidding is also available on www.iCollector.com. Follow the link on our website, www.stevealbum.com in order to bid online. Your bids will be treated as a maximum bid. The winning bid will be one increment above the next highest bidder, or at the starting bid.

Stephen Album Rare Coins Inc. is not responsible for any errors in bidding. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stephen Album Rare Coins Inc. reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction.

4. Buyer's Premiums and Payments. A Buyer's Premium of twenty percent (20.0%) or twenty dollars ($20), whichever is greater, will be added to the hammer price for each lot to all successful bids. Accepted payments are by Visa, MasterCard, American Express, PayPal, cash, cashier's check, money order, approved personal check or bank wire transfer. If the purchaser pays by credit card (including credit-debit cards) or by PayPal, an additional service fee of four percent (4.0%) will be added. This service fee will apply to the hammer price, buyer's premium, shipping, and sales tax. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction (the "Default Date"), without exception, time being of the essence, unless otherwise agreed in writing prior to the Auction. Any bidder who does not pay within the standard deadline of fourteen (14) calendar days, regardless of any approval of alternative payment arrangements, may be considered a negligent payer and may be subject to increased scrutiny and additional requirements in order to participate in future auctions. If a credit card is provided before the sale, Stephen Album Rare Coins reserves the right to charge your credit card for the total of your auction purchases if payment has not been received within the fourteen (14) calendar days deadline. All auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Personal checks must clear our bank before lots are delivered. Bounced or returned checks are subject to a $35 fee.

Payments by PayPal are restricted to a maximum of $5,000 per client. Payments by credit card are restricted to a maximum of $10,000 per invoice. If a credit card has been used to pay for one invoice from the auction, it may not be used to pay for another invoice in the auction, regardless of the total amount of either invoice. We reserve the right to modify these payment limits, and we reserve the right to refuse payment by credit card or PayPal at our discretion, in which case a bank wire, check, or cash equivalent will be required.

Please contact Stephen Album Rare Coins Inc. for wiring instructions. Please inform us after bank wire has been sent. Please be advised that payments coming by wire transfer usually only take a few days to arrive, but in rare cases they can take up to a few weeks to arrive due to US government regulating, resulting in a delay of shipment of your lots. Lots will not be shipped until your full payment has arrived in our bank account. There is a $15 fee for all bank wire transfers.

Stephen Album Rare Coins Inc. reserves the right not to release lots for which funds have not yet been received in full. On any past due accounts, Stephen Album Rare Coins Inc. reserves the right, without notice, to extend credit and impose carrying charges of 1% per month. Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stephen Album Rare Coins Inc. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stephen Album Rare Coins Inc. reserves the right to require a written guarantee of such payments and obligations.

Lots are not available for pickup during the auction. Lots may be available for on-site pickup on the Monday following the sale if a formal request for pickup is provided by the Buyer before the auction, during the auction, or within 1 hour of the close of the final lot on the final day of the auction. We reserve the right to refuse this request for pickup, at our discretion. For on-site pickup, we will only accept cash or a bank transfer. If paying by bank transfer, the funds must reach our account before we will allow you to collect your lots.

5. Credit. Bidders who have not established credit with Stephen Album Rare Coins Inc. must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction session(s) or such other amount as Stephen Album Rare Coins Inc. may, in its sole and absolute discretion, require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

6. Shipping and Insurance. It is the Buyer's responsibility to contact Stephen Album Rare Coins Inc. after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stephen Album Rare Coins Inc. may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. All state taxes, postage, shipping, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stephen Album Rare Coins Inc. no later than thirty (30) days after payment. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Delivery outside the USA will be by USPS registered mail, express mail or by FedEx and will include insurance on all shipments up to $50,000. Buyers will be billed additional insurance charges on a shipment or combined shipments valued at above $50,000. Any claims of loss or damage will only be paid by Stephen Album Rare Coins Inc. only after the insurers' investigation is complete. If the Buyer opts for another form of shipment other than the above, items will be shipped at their risk and they will assume all risk due to theft, damage or loss. A Buyer opt out of the Stephen Album Rare Coins Inc. standard shipping listed above must be in received in writing before shipment will be made.

Stephen Album Rare Coins Inc. cannot accept any responsibility whatsoever for customs duties charged by the country of destination or seizure of items by customs, domestic or foreign.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California without a valid Resale Certificate which has been provided to the Auctioneer. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of Two Thousand Dollars ($2,000) are exempt from California sales tax. On any tax not paid by Buyer that should have been paid, even if not collected by Stephen Album Rare Coins Inc. by mistake, error, negligence or gross negligence, Buyer remains liable for and agrees to promptly pay the same on demand together with any interest or penalty that may be assessed.

7. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stephen Album Rare Coins Inc. reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stephen Album Rare Coins Inc., in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stephen Album Rare Coins Inc. to satisfy the indebtedness, plus all accrued charges, and Stephen Album Rare Coins Inc. may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stephen Album Rare Coins Inc. If the Auctioneer resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stephen Album Rare Coins Inc. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stephen Album Rare Coins Inc., including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stephen Album Rare Coins Inc. for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stephen Album Rare Coins Inc., or assignees, the right to offset any sums due, or fund to be due to Stephen Album Rare Coins Inc., and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of the Auctioneer or from any sums due to Buyer by Stephen Album Rare Coins Inc., its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stephen Album Rare Coins Inc., or its assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stephen Album Rare Coins Inc., its affiliates or assignees, to secure all indebtedness due to Stephen Album Rare Coins Inc., plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stephen Album Rare Coins Inc. the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stephen Album Rare Coins Inc. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one percent (1%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stephen Album Rare Coins Inc. or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction. Stephen Album Rare Coins Inc. reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stephen Album Rare Coins Inc. shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

Stephen Album Rare Coins Inc. reserves the right to cancel or postpone the Auction or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stephen Album Rare Coins Inc. nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction are personal and apply only to the Bidder who initially purchases the lot(s) from Stephen Album Rare Coins Inc.. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions.

11. General Terms. These Terms and Conditions of Auction and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction. Any dispute arising out of or related to these Terms of Sale, the Auction or any lot, with the sole exception of actions by Stephen Album Rare Coins Inc. to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the International Association of Professional Numismatists (I.A.P.N.). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Stephen Album Rare Coins Inc. may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

12. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on your bid sheet. This is a personal service and a Stephen Album Rare Coins Inc. representative will personally attend to your bid sheet by bidding from the auction book, buying lots for your account until your authorized expenditure is reached.
