PRE-SALE & LIVE INTERNET BIDDING / TELEPHONE BIDDING

Bids can be placed on our website (www.sarc.auction). Our online bidding system is provided by iCollector.com.

You can also place bids on their website and it will sync with any bids you place on our website. If you plan to only bid live during the auction, please be sure to register a few days in advance of the auction in the event that you have difficulties with the registration process. This will also allow us time to process your registration.

Visit the link below to register, and visit the same link to bid before the sale and live online on the days of the auction.

WWW.SARC.AUCTION

(There is no additional fee to bid online).

Telephone Bids - We only allow telephone bidding for lots with a high estimate or \$1,000 or greater.

You must contact us at least 72 hours prior to the start of the auction in order to register for telephone bidding.

PROXY BIDDING METHODS

We strongly encourage you to bid via our website or iCollector (www.sarc.auction), as that is our primary bidding system. If you are unable to do so or if you would like to place bids that are not executed until the sale begins (proxy bids) you may send bids to us using one of the methods listed below.

IMPORTANT NOTE: If you send bids to us by one of the methods listed below they will be treated as proxy floor bids. If another person places a pre-sale internet bid on our website, that internet bid will be treated as the first received, regardless of the time of receipt. We encourage you to bid on iCollector so that you do not lose a tied bid to a bidder who is using the primary bidding system (our website).

Please note that off-increment bids will be rounded down to the nearest bidding increment.

* Email your bids to: info@stevealbum.com

* Due to repeated glitches with faxed bids we encourage you to not send them by fax.

* We strongly discourage postal mailing of bidsheets and can not guarantee their timely arrival.

Buyer's Premium 20.0% of the hammer price or \$20 USD, whichever is greater

Credit Card / PayPal Service Fee 4.0% (of hammer price, buyer's premium, postage, and CA sales tax if applicable)

98. **SASANIAN KINGDOM: Shahpur I**, 241-272, AV dinar (7.40g), G-21, type Ilc/1b, Sunrise-740, diademed bust right, wearing mural crown with korymbos // fire altar flanked by two attendants, holding long spears, each looking away from the fire and wearing mural crowns, fravahr to left of the flames, small graffito on reverse, scattered hairlines, lovely bold strike, XF-AU \$3,500 - 4,500

99. **SASANIAN KINGDOM: Shahpur II**, 309-379, AR drachm (2.83g), G-114, Zeno-373141 (this piece), standard design, but with a line added below the right Pahlavi legend; weak reverse (normal for this type), VF-XF, RR \$150 - 250

The consignor has suggested that this type was struck in Gandhara, likely by some local authorities outside the actual Sasanian boundary at the time.

100. **SASANIAN KINGDOM: Peroz**, 457-484, AV dinar (stater) (4.16g), AS (the treasury mint), G-172, SNS-A8, bust right, crown with two wings and korymbos, large ribbon above each shoulder // fire altar with two attendants, mint name to right, light peripheral scratches, beautiful XF-AU, RR \$1,200 - 1,600

Central Asia

101. **ALCHON HUNS: Proper Hephthalite**, ca. 475-550, AR drachm (4.20g), G-E35, Vondrovec-287A/B; cf. Zeno-42957 for further information, Sasanian-style bust right, probably derived from Kavad I (484-497, 499-531) with one Bactrian word before // half portrait left, raising a cup (of wine?) with his right hand, his left hand akimbo, Sogdian words in the field, assigned to a theoretical "King of Hyons", bold VF, RRR \$900 - 1,100

102. **BUKHARA: Anonymous**, 7th/8th century, AE cash (1.26g), Shagalov-293, camel right // fire altar, both sides within circle of pellets, VF, RR \$150 - 250

103. **SAMARKAND: Anonymous**, AE cash (4.29g), ca. 640-708, Smirnova-43/47, Tang dynasty Chinese legend *kai yuan tong bao* // Samarkand tamgha to left, Sogdian word *bgy* ("ruler") to right, F-VF \$400 - 600

A very rare type, with around 20 examples now posted on Zeno, mostly from sources in Central Asia and Xinjiang in China.

104. **SOGDIANA: Anonymous**, ca. 8th/11th century, AE charm (7.51g) (44 x 22mm) crowned human figure, from the belly upwards, blank reverse as usual, VF-XF, **RRR** \$150 - 250

105. **ANCIENT CENTRAL ASIA: Late Roman Style**, AV burial piece (1.71g), ca. late 5th-6th century, 16mm, imitating solidus of Theodosius II (Votis XXX Multis XXXX type, cf. RIC-257) but with roughly the weight of a tremissis, helmeted bust facing, holding spear behind head and carrying shield // Constantinopolis seated left, holding globus cruciger and scepter, star to right, a rather faithful imitation with largely correct inscriptions (though without mintmark) and designs on both sides, attached with loop for suspension, attractive light luster, lightly wavy flan, Choice AU \$250 - 350

106. **ANCIENT CENTRAL ASIA: Byzantine Style**, AV burial piece (2.16g), ca. 6th-8th century, 14mm, imitating solidus of Anastasius I (SB-4) but with roughly the weight of a semissis and the size of a tremissis, helmeted bust facing, holding spear behind head and carrying shield // Victory standing left, holding long Chi-Rho staff, stars to either side, a very unusual example! dent on obverse, cleaned, VF \$300 - 400

Gold burial pieces come almost exclusively from Central Asia and adjacent areas south and east centered around the Silk Road. They are either bracteate or two-sided, and we now believe that they first appeared in about the 4th or 5th century with the design derived from Roman solidi, then became relatively common during the 6th-8th century based on Byzantine solidi, with the Byzantine style likely continuing to be copied into the 10th century or even later. Another group are based on Sogdian or Hunnic models and likely dated from the 7th to 9th or 10th century. We have also seen examples derived from Samanid, Seljuq, Khwarizmshah, Chaghatayid, and generic Arabic dinars, presumably from the 10th to at least the 14th century. These were normally used as burial pieces, placed upon the deceased.

Islamic Coins

Early Pre-Reform

107. **ARAB-SASANIAN: Yazdigerd type**, 652-668, AR drachm (3.88g), SK (Sijistan), YE20 (frozen), A-1, Malek-946 ff., first Islamic coin, distinguished from the last regular Sasanian issue of the same year by the addition of Arabic *bism Allah* in the second obverse quadrant; wonderful strike, XF \$150 - 250

108. **ARAB-SASANIAN: Yazdigerd type**, 652-668, AR drachm (3.77g), SK (Sijistan), YE20 (frozen), A-1, Malek-946 ff, first Islamic coin, distinguished from the last regular Sasanian issue of the same year by the addition of Arabic *bism Allah* in the second obverse quadrant, choice VF \$150 - 250

109. **ARAB-SASANIAN: Yazdigerd type**, 652-660, AR drachm (3.60g), BN, YE20 (= AH31), A-2, with Arabic *jayyid* ("good") instead of *bism Allah* in the 2nd quadrant of the obverse margin; cleaned around the margins, VF, **RR** \$200 - 300

Mint location undetermined, though the city of Bamm in eastern Kirman province has been suggested.

110. **ARAB-SASANIAN: Khusraw type**, later series, ca. 680s-700s, AR drachm (3.06g), "BBA", year "4", A-4H, with 2 versions of the countermark consisting of Göbl-62 and a Sogdian legend, the "date" refers to Khusro's type Göbl-209, abandoned in regnal year 11, but with the attendant's heads with the second obverse crown, used only after year 11, and with Pahlavi APD in ObQ2, XF, **RRR** \$150 - 250

111. **ARAB-SASANIAN: Khusraw "lillâh" type**, ca. 656-670?? AR drachm (3.62g), ART (Ardashir Khurra), YE30, A-A6, clear date, broad strike, XF, **RR** \$200 - 300

112. **ARAB-SASANIAN: Khusraw "lillâh" type**, ca. 656-670?? AR drachm (4.10g), ART (Ardashir Khurra), YE35, A-A6, date partially abbreviated, likely intended for 35 in Pahlavi, XF, **RR** \$200 - 250

113. **ARAB-SASANIAN: Khusraw "lillâh" type**, ca. 656-670?? AR drachm (3.81g), ShY (Shiraz), YE35, A-A6, Malek—, very rare mint for this type, bold VF-XF, **RR** \$250 - 350

114. **ARAB-SASANIAN: Khusraw "lillâh" type**, ca. 656-670?? AR drachm (3.94g), NY (probably Nihawand), YE37, A-A6, Malek-929, excellent strike, XF, **RR** \$150 - 250

115. **ARAB-SASANIAN: Khusraw type**, 691-693, AR drachm (dirham) (2.28g), Dimashq, AH72, A-D6, Malek-524-var, standard obverse with the name of Khusro right of the portrait, and the Islamic statement *bism Allah / muhammad rasul / Allah* in the margin // normal reverse (fire altar & two attendants), mint name to right, date written out to left, both in Arabic; clipped down to the post-reform Umayyad standard, XF, **RRRR** \$12,000 - 15,000

This is the first Islamic coin to bear the Hijri date written out in Arabic, always in Pahlavi for earlier dates. There are two subtypes, one with the mint right and date left (this piece), the other with mint left and date right, as sold in our Auction 55, lot 56.

116. **ARAB-SASANIAN: 'Ubayd Allah b. Ziyad**, 673-683, AR drachm (3.81g), BH, AH61, A-12, Malek-498, unidentified mint, but the similarity to the BCLA (al-Basra) drachms of AH61 suggests that it should be a mint somewhere in either southern Iraq or Khuzestan province in Iran, lustrous XF \$150 - 250

117. **ARAB-SASANIAN: Mu'awiya**, 661-680, AR drachm (4.21g), DA (Darabjird), AH43 (frozen), A-14, first Umayyad caliph, with his caliphal title AMYL-Y WLWYSNYKAN (in Pahlavi: "commander of the believers") after his name in the obverse field, struck circa AH52-54, XF \$200 - 300

This is first Islamic coin to cite the caliph. The previous four caliphs (the "Rashidun") were only cited on coins struck hundreds of years later, by rulers confirming their Sunni beliefs.

118. **ARAB-SASANIAN: Mu'awiya**, 661-680, AR drachm (3.95g), DAP (Fasâ), AH43 (frozen), A-14, Malek-497, first Umayyad caliph, with his caliphal title in Pahlavi AMYL-Y WLWYSNYKAN ("commander of the believers") after his name in the obverse field, struck circa AH52-54; somewhat harshly cleaned in the margins, bold XF \$150 - 250

119. **ARAB-SASANIAN: Mu'awiya**, 661-680, AR drachm (3.98g), DAP (Fasâ), AH43 (frozen), A-14, Malek-498, first Umayyad caliph, with his caliphal title in Pahlavi AMYL-Y WLWYSNYKAN ("commander of the believers") after his name in the obverse field, struck circa AH52-54; somewhat harshly cleaned in the margins, bold XF \$150 - 250

120. **ARAB-SASANIAN: Salm b. Ziyad**, ca. 680-685, AR drachm (3.43g), Marw & Anbir, AH68, A-180, Malek-860 (same obverse die), the obverse is purely Islamic, with the Islamic emphasis in Arabic, *bism Allah / Allah akbar* in ObQ2 & ObQ3, and the same of Salm b. Ziyad in Pahlavi in the normal location, the reverse has an 4th outer circle outside the margin, with the city name Anbir in Bactrian in RxQ5, countermarked a variant of Göbl #39 (with star instead of the first part of the Bactrian name), XF, **RRRR** \$1,300 - 1,600

Malek has noted this type bearing the Hijri years 64, 65, 67, and 68. The years 64, 67, and 68, appear to have no more than about 3 or 4 known examples, and perhaps 5-6 pieces for year 65. Nearly all cite the Pahlavi mint name MLW for Marw at the right of the reverse, and Baktrian "ombero" for the Hunnic capital Anbir (near Juzjan) in the reverse margin. Malek knew of only two examples dated year 68, one published in his work as noted, the other in a Museum with tentatively read date. This piece is thus the third known example dated 68.

121. **ARAB-SASANIAN: Humran b. Aban**, 691, AR dirham (3.66g), ART (Ardashir Khurra), AH72, A-23.2, governor's name in Pahlavi before the portrait and in Arabic in ObQ3; decent example with even wear, F-VF, **RR** \$150 - 250

122. **ARAB-SASANIAN: al-Muhallab b. Abi Sufra**, ca. 694-698, AE pashiz (0.78g), ST (Istakhr), ND, A-31E, Gyselen-23, facing bust on both sides: royal figure on obverse (with governor's name in Pahlavi to right) // Anahita type figure on reverse; by far the finest piece we have seen for this type, XF, **RRR** \$200 - 300

123. **ARAB-SASANIAN: 'Abd al-Malik b. Marwan**, 685-705, AR drachm (3.85g), DA+P (Fasâ), YE65 (= AH77), A-32, Malek-508, 2 pellets at 11:30 in reverse margin, and 1 pellet after the "P" of the mint abbreviation, XF, **R** \$250 - 350

124. **ARAB-SASANIAN: al-Qatari b. Fuja'a**, ca. 688-698, AR drachm (3.79g), DA (Darabjird), AH75, A-33, Malek-458, with the Kharijite slogan *la hukm illa lillah* in the obverse margin, pellet at 11:30 and Pahlavi monogram GM at 12:30 in reverse margin, VF, **R** \$300 - 400

Al-Qatari b. Fuja'a was a military leader of the secessionist Kharijite sect. He led a decade-long rebellion against the Umayyad Caliphate and for a time controlled much of Persia. His struggles led to so much death and destruction that he received the nickname "Father of Death" (Abu al-Mawt). Rather than a personal name, the appellation al-Qatari simply refers to his birthplace in northern Qatar.

125. **ARAB-SASANIAN: al-Hajaj b. Yusuf**, 694-713, AR drachm (3.52g), YZ (Yazd), AH81, A-35.2, governor's name in Arabic, only *bism Allah* in the ObQ2 and the name MNSWL (Mansur) in Pahlavi in ObQ3; touch of hornsilver by the rims, VF, **R** \$200 - 300

126. **ARAB-SASANIAN: 'Abd al-Rahman b. Muhammad**, 700-703, AR drachm (3.29g), ST (Istakhr), AH82, A-38C, Malek— (Malek cites 2 examples in Museums and 1 sold at auction in 2005), standard design on both sides, but with the governor's name in Arabic, plus the governor Mansur cited in Pahlavi in ObQ3 // mint & date in Pahlavi in the standard locations; some chipping at the rims, VF, **RRR** \$400 - 500

127. **ARAB-SASANIAN: Anonymous**, AR drachm (4.02g), SK (Sijistan), AH81 (sic), A-38A, cf. Malek-1080/81, the date is very clearly AYWHShTAT for 81, with the style almost identical to the drachms dated AH81 in the name of 'Abd al-Rahman b. Muhammad (type A-38A), likely issued by one of the rebels during the chaotic period circa AH80-81 in Sistan, XF, **RRR** \$200 - 300

128. **ARAB-SASANIAN: Undeciphered name**, ca. 680s-700s, AR drachm (3.34g), "BCLA" (al-Basra), blundered date, A-"40X", unread Pahlavi name or phrase in the normal location of a governor's name, with an Arabic phrase in ObQ2 that starts with *akbar* // standard reverse, clear mint name BCLA, illegible date, with outer 4th circle and no legends in the margin; unpublished & unique, VF-XF, **RRRR** \$350 - 450

Likely an issue of the Hunnic Tribes in the Hephthalite region along the Silk Road in Tokharistan but with an obverse legend that recognizes Islam. Further research needed.

129. **EASTERN SISTAN: Anonymous**, ca. 680s-700s, AR drachm (3.65g), SK (Sijistan), blundered date, A-76.2, obverse marginal legend *Allah walli 'awn / bism Allah / rabbi*, with just the word *al-muharraq* ("pure") in the third quadrant of the reverse margin, which refers to the presumed silver purity in this coin; mount removed, choice XF, **RRR** \$350 - 450

130. **EASTERN SISTAN: Anonymous**, 716-727, AR drachm (3.83g), SK (Sijistan), blundered date, A-79, with the phrase *sadaqa Allah* added in the first quadrant of the obverse margin; reverse significantly double-struck, bold obverse, very rare and historically important, VF-XF, **RR** \$300 - 400

Early Post-Reform

131. **UMAYYAD: 'Abd al-Malik**, 685-705, AV dinar (4.25g), NM (Dimashq), AH78, A-125, the second earliest date for the post-reform dinar, graffiti, VF-XF \$800 - 1,000

132. **UMAYYAD: 'Abd al-Malik**, 685-705, AV dinar (4.18g), NM (Dimashq), AH79, A-125, one tiny graffito in the reverse field, VF-XF \$600 - 700

133. **UMAYYAD: 'Abd al-Malik**, 685-705, AV dinar (4.25g), NM (Dimashq), AH86, A-125, choice XF \$550 - 700

135. **UMAYYAD: 'Abd al-Malik**, 685-705, AR dirham (2.72g), Marw, AH79, A-126, Klat-581.b, with the mint name in Pahlavi below the obverse field and in Arabic in the standard position on the reverse, choice VF \$350 - 450

136. **UMAYYAD: 'Abd al-Malik**, 685-705, AR dirham (1.66g), Fil, AH80, A-126, Klat-515, Fil is relatively available if dated AH79, but 80 is extremely rare (5 cited by Klat and only one on CoinArchives); clipped down to a much lighter weight for unknown reasons, VF, **RRR** \$700 - 1,000

Walker & others have interpreted the mint as Fil near Khwarizm, but that region was not yet conquered by the Muslims. An alternative reading is Qibâl, which was the contemporary name of a suburb of Isfahan (without the alif, which was often omitted in eastern mints, such as Hamadân & Dârâbjird, on early Islamic coins). In Arabic "fil" means "elephant", and that could have been assigned to just about anywhere along the trade routes to Sind and India, of which some passed through Isfahan.

137. **UMAYYAD: 'Abd al-Malik**, 685-705, AR dirham (2.76g), al-Jisr, AH80, A-126, Klat-230, very rare mint, believed to have been located in central Iraq; carefully repaired, VF, **RR** \$500 - 600

138. **UMAYYAD: 'Abd al-Malik**, 685-705, AR dirham (2.18g), Kirman, AH82, A-126, unpublished date for Kirman mint for type A-126, as the only example of Kirman mint known for type A-128 is dated AH79 (sold in Morton & Eden Auction 63, lot 29); somewhat clipped and some porosity on both sides; unique & unpublished, About VF, **RRRR** \$5,000 - 8,000

162. **UMAYYAD: Marwan II**, 744-750, AV dinar (4.25g), NM (Dimashq), AH131, A-141, scarcer date, boldly struck with minor peripheral weakness, a few faint hairlines on obverse, XF \$750 - 1,000

Bernardi knew of only two examples of this type, one dated AH329, the other dated 330. Starting later in 330, coins of Misr bear the name of the Ikshidid king Muhammad b. Tughj, who had technically ruled since 323, but struck coins only in the name of the Abbasid caliph until some point in 330.

Ja'far (301-340 / 914-952), known dated AH342-343 (Bennett-75/76), which were struck from dies much more carefully engraved than the latest purely Abbasid dirhams, including this piece; weakly struck; unpublished and unique, VF-XF, **RRRR** \$800 - 1,000

Historically important, as it confirms that the local Ja'farid ruler continued to recognize only the Abbasid caliph until at least AH337. The dirhams dated 342-343 are either posthumous issues or indicate that Mansur I ruled after AH340.

The Zenata tribal chieftain Musa b. Abi'l-'Afiya was originally an advanced military officer for the Fatimid Imam al-Mahdi from about 917 until 931, then switched his loyalty to the Spanish Umayyads. Wanudin achieved independence at Sijilmasa in AH390 (1000 AD), after which this piece was struck. However, gold coins struck after AH390 during his reign cite only the Spanish Umayyad caliph Hisham (then the caliph Sulayman in AH402), perhaps because Sijilmasa was an important trade center along the gold route from the South Sahara to Spain. Gold coinage in the name of a Khazrunid ruler began after the accession of Mas'ud II in AH417.

264. **ALMORAVID: Yusuf**, 1087-1106, AV dinar (4.11g), Aghmat, AH494, A-464.1, H-67, bold VF \$600 - 800

Wanudin**, early 12th century, AR dirham (1.40g), NM, ND, A-477H, just the name Sulayman in the obverse center, Wanudin in the reverse center; divided kalima in the margins; struck during the rise of the Almohads, likely in exchange for military services that helped its first Almohad Imam 'Abd al-Mu'min (AH524-558) attain power; unpublished & the 3rd known specimen; much adhesion on both sides, crude VF, RRRR \$150 - 250

267. **HINTATA: Sulayman b. Wanudin**, early 12th century, AR dirham (1.32g), NM, ND, A-477H, just the name Sulayman in the obverse center, 'Abd Allah (instead of Wanudin) in the reverse center; divided kalima in the margins; struck during the rise of the Almohads, likely in exchange for military services that helped its first Almohad Imam 'Abd al-Mu'min (AH524-558) attain power; unpublished & the 4th known specimen (and first known citing 'Abd Allah instead of Wanudin), crude VF, RRRR \$150 - 250

The Hintata were based in the High Atlas east of Marrakesh, later in the city of Marrakesh itself. They provided military assistance to various Almohad and subsequent Merinid rulers. At some point in the AH520s or 530s Sulayman b. Wanudin was appointed as Almohad governor in Tlemcen, though it is more likely that the coins were actually struck further to the south, possibly as far away as the High Atlas. There are no known coins of the later Hintata rulers.

Half dirhams of Fès for al-Qa'im were known from 328, 330, and 331, so now for all years 328-331.

297. **FATIMID: al-Qa'im**, 934-946, AR 1/2 dirham (1.19g), NM, ND, A-693, the Imam cited as *al-imam al-qa'im billah* on the reverse, *muhammad abu'l-qasim* on the obverse; light adhesions on both sides, F-VF, **R** \$150 - 200

298. **FATIMID: al-Qa'im**, 934-946, AR fractional dirham (0.49g), NM, ND, A-693B, the Imam cites as *muhammad abu'l-qa'im* as on the obverse of the 1/2 dirham; blank reverse, VF, **RRR** \$150 - 200

302. **FATIMID: al-Mansur**, 946-953, AR 1/4 dirham (0.31g), A-696I, issue of the local governor Ahmad b. 'Isa: based on the standard 1/2 dirham design of al-Mansur (type A-696) but with the name Ahmad b. 'Isa added below the obverse; chipped, leaving parts of the legend off flan, crude VF, **RRR** \$150 - 200

It is also possible that Ahmad b. 'Isa was not actually a Fatimid governor but just a local Berber ruler who struck his coins in the name of the Fatimid Imam for hopeful protection against his enemies, including the Umayyads of Spain. The Fatimid administration might have formally accepted this.

303. **FATIMID: al-Mansur**, 946-953, AR 1/4 or 1/6 dirham (0.46g), A-696M, Nicol— (type B), legends exactly as the 1/2 dirham type A-696, style of al-Mahdiya mint (cf. Nicol-A256, AR 1/2 dirham) but may be from a different North African mint; unpublished and unique, bold VF, **RRRR** \$250 - 350

309. **FATIMID: al-Mu'izz**, 953-975, AV dinar (4.17g), Misr, AH363, A-697, Nicol-368, struck from rusty dies, VF-XF \$550 - 600

310. **FATIMID: al-Mu'izz**, 953-975, AV dinar (4.09g), Misr, AH363, A-697, Nicol-368, nearly VF \$500 - 600

311. **FATIMID: al-Mu'izz**, 953-975, AV dinar (4.12g), Misr, AH3(6)4, A-697, wavy surfaces, F-VF \$500 - 600

312. **FATIMID: al-Mu'izz**, 953-975, AV dinar (4.04g), al-Mansuriya, AH342, A-697M, Nicol-388 (type H1), with three circular legends on each side, plus a short horizontal text in the center, *al-'azuma lillah* on the obverse, *al-'izza lillah* on the reverse; an extremely rare type struck only at al-Mansuriya AH342-343 (and silver 1/2 dirham AH341-342); lovely strike, a few faint scratches, VF-XF, RRR \$2,000 - 3,000

313. **FATIMID: al-Mu'izz**, 953-975, AV 1/4 dinar (0.96g), Siqilliya, AH345, A-698, Nicol-296 (type D1), sufficiently legible mint & date, centers very weakly struck, Good \$300 - 400

314. **FATIMID: al-Mu'izz**, 953-975, AV 1/4 dinar (0.94g), Misr, AH363, A-698, Nicol-369 (only 1 example cited), very clear mint & date; minor edge damage, Fine, RRR \$400 - 500

315. **FATIMID: al-Mu'izz**, 953-975, AR broad dirham (3.25g), Filastin, AH(3)59, A-W699, first year of Fatimid coinage at Filastin (Palestine), some weakness, Fine, R \$200 - 300

317. **FATIMID: al-Mu'izz**, 953-975, AR 1/2 dirham (1.42g), Makka, AH(3)63, A-699, some weakness and one small chip, possibly mount removed, regardless a true rarity as the first Fatimid silver minted in Makka, Fine, RRRR \$3,000 - 4,000

We have encountered more than a dozen examples of the Misr AH363 1/2 dirham and feel confident that the mintname on this coin is Makka and not Misr. The 2nd letter is "k" and not hard "s", without the vertical line that always appears at the left size of the letter "s", never used for "k". The final "h", although somewhat coarse, differs significantly from the "r" at the end of "misr". Moreover, the general calligraphic style differs from the Misr half dirhams. Fatimid gold dinars are well-known for Makka dated AH363.

318. **FATIMID: al-Mu'izz**, 953-975, AR 1/2 dirham (0.69g), MM, DM, A-699M, as Nicol-435 (type H2), with additional horizontal legends within the center circle, as on the dinars dated AH342-343, with *al-qudra lillah* on the obverse, *al-'izza lillah* on the reverse, local type struck only at al-Mansuriya in AH342, clipped down, Good, RRR \$150 - 200

414. **ABBASID OF YEMEN: Ahmad b. Muhammad al-'Umar**, in rebellion, 828, AR 1/4 dirham (0.69g), San'a, AH213, A-1050T, citing only the rebellious Ahmad al-'Umari and without the caliph al-Ma'mun (cf. Z-322663, with extensive discussion of this piece); probably the 4th known example of this type, Fine, **RRRR** \$300 - 400

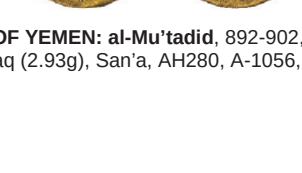

415. **ABBASID OF YEMEN: al-Mu'tamid**, 870-892, AV dinar (2.93g), San'a, AH258, A-1055, Bernardi-172EI, without any additional names, XF, **R** \$400 - 500

416. **ABBASID OF YEMEN: al-Mu'tamid**, 870-892, AV dinar al-mutawwaq (2.95g), San'a, AH272, A-1055, citing the heir al-Muwaffaq and the vizier by his title *Dhu'l-Wizaratayn*, choice XF, **R** \$400 - 500

417. **ABBASID OF YEMEN: al-Mu'tadid**, 892-902, AV dinar al-mutawwaq (2.93g), San'a, AH280, A-1056, VF-XF \$400 - 450

418. **ABBASID OF YEMEN: al-Mu'tadid**, 892-902, AV dinar al-mutawwaq (2.92g), San'a, AH283, A-1056, one tiny scratch on the reverse; bold strike, XF \$400 - 450

419. **RASSID: al-Hadi**, 898-911, AV dinar (2.92g), San'a, AH288, A-1065, well-centered strike, XF, **RR** \$500 - 700

420. **ZIYADID: al-Muzaffar b. 'Ali**, 983-1044, AV dinar (2.56g), Zabid, blundered date (as almost always), A-1071, strong VF \$300 - 400

421. **NAJJAHD: al-Mu'ayyad Najjah**, 1021-1060, AV dinar (2.54g), Zabid, A-1073, with Najjah's additional title *nasr al-din*; also citing the last of the Ziyadid rulers 'Ali b. al-Muzaffar and the Abbasid caliph al-Qa'im bi-amr Allah, XF, **RRR** \$400 - 500

The date on this type is xx7, interpreted as 437, copying the date on the Ziyadid dinars of 'Ali b. al-Muzaffar.

422. **NAJJAHD: al-Mu'ayyad Najjah**, 1021-1060, AV dinar (2.44g), Zabid, blundered date, A-1073, with Najjah's additional title *nasr al-din* divided above and below the obverse rather than after the reverse legend; also citing the last of the Ziyadid rulers 'Ali b. al-Muzaffar and the Abbasid caliph al-Qa'im bi-amr Allah; appears to be unpublished variety, XF, **RRR** \$400 - 500

423. **NAJJAHD: al-Fadl b. Fatik**, ca. 1040s, AV dinar al-mutawwaq (2.32g), Zabid, AHxx7 or xx9, A-1073, also citing the last of the Ziyadid rulers 'Ali b. al-Muzaffar and the Abbasid caliph al-Qa'im bi-amr Allah, VF-XF, **RRR** \$500 - 600

It is believed that al-Fadl b. Fatik may have been in rebellion against the Najjahid al-Mu'ayyad Najjah, with the support of the Ziyadid forces. Cf. Zeno-48128, which has an uncertain date (also only the final digit, which could be 4, 7, or 9), with loop attached.

424. **NAJJAHD: al-Mansur b. Fatik**, 1109-1123, AV dinar (1.94g), Dathina, AH4xx, A-B1075, cf. Zeno-367421, citing *al-malik al-awhad al-mansur al-malik al-awhad al-fatik* in the reverse margin, with undeciphered central legend; minor flan defect, XF, **RRR** \$400 - 500

It is possibly with this type cites both al-Mansur and al-Fatik as co-rulers. The mint name Dathina seems likely, and the type is very different from the issues of Zabid.

425. **NAJJAHD: al-Mansur b. Fatik**, 1109-1123, AV 1/2 dinar (1.01g), Zabid, ND, A-G1075, citing the ruler as *al-malik al-mu'ayyad* in the reverse center, as *al-malik al-mansur* followed by the mint name in the reverse margin; unpublished and possibly unique, attractive VF, **RRR** \$300 - 400

426. **NAJJAHD: al-Fatik III**, 1137-1158, AV dinar (2.06g), Zabid, AH543, A-E1075, Zeno-379753 (this piece, incorrectly attributed), abbreviated Sunni kalima in the center, clear mint and date in the margin // *mimma / amara bihi al-malik / fatik / al-khalafa*, crude marginal legend that includes a carelessly engraved reference to *al-amir al-awhad al-mansur*, XF, **RRR** \$500 - 600

The term "al-khilafa" likely refers to the Abbasid caliph al-Muqtafi, not a caliphal claim by al-Fatik.

427. **RASULID: al-Mujahid 'Ali**, 1322-1363, AR dirham (1.85g), Tha'bat al-Mahrusa ("Tha'bat the Protected"), AH734, A-1108.4, type CT (concave hexagon both sides), struck only at Tha'bat 734-736, after which Tha'bat adopted the common type C; with the seated man in the obverse center, his right arm raised in benediction, VF, **RRR** \$200 - 300

428. **OTTOMANS IN YEMEN: Süleyman I**, 1520-1566, AR 'uthmani (0.59g), Ta'izz, AH926, A-1118, standard design and arrangement, mint name below the reverse, no special symbols on either side; exceedingly rare mint, VF, **RRR** \$200 - 300

None on CoinArchives, acsearch, or Zeno.

429. **OTTOMANS IN YEMEN: Süleyman I**, 1520-1566, AR 'uthmani (0.57g), Dhi-Marmar (Damarmar), AH(926), A-1118, standard design and arrangement, mint name below the reverse, date off flan, without the symbols at in the obverse & reverse center as on Zeno-211651; extremely rare mint, bold VF, **RRR** \$200 - 300

None on CoinArchives or acsearch, just one on Zeno (#211651).

430. **OTTOMANS IN YEMEN: Murad III**, 1574-1595, AR 'uthmani (0.70g), Ta'izz, ND, A-1122, standard type, extremely rare mint, VF for type \$150 - 250

None on CoinArchives or acsearch, just one on Zeno (#209592).

431. **QASIMID: Muhammad III**, as al-Mahdi, 1697-1718, AR dirham (2.83g), NM, AH1113, A-Z1141, royal legend *al-'abd lillah al-nasir li-din Allah al-khadi'* ("the slave, obedient to God") // kalima, unpublished and the earliest date of the large silver dirhams of Muhammad III (AH1114 was previously considered the earliest date of the large dirham); unpublished and presumably unique, XF, **RRR** \$200 - 300

The silver coinage of al-Mahdi Muhammad III starts with small pieces dated AH1110-1113, the large dirhams 1114-1124, then small pieces again 1125-1130., with a few small piece dated in the late 1110s, as on Zeno.

432. **QASIMID: al-Husayn b. al-Qasim**, in rebellion 1716-1720 (AH1128-1132), AR unit (1.09g), San'a, AH1130, A-1143, with his titles *al-nasir li-din Allah* and *al-dâ'i illa Allah* filling the obverse, his name, mint & date on the reverse; unique and a lovely example, XF, **RRRR** \$300 - 400

This is the first known coin of this ruler, whose name is not included in the list of the Zayid Imams (Qasimids) on Zeno, but is included in the Imams of Yemen on Wikipedia.

433. **QASIMID: al-Mansur al-Husayn**, 1727-1748, AR khamsiya (1.73g), al-Damigh, AH1140, A-Y1144, obverse has the name *al-mansur* within a central lozenge, mint & date on the reverse; bold mint and date, about 15% flat strike; unpublished mint for this ruler, unique, bold VF, **RRR** \$150 - 250

al-Damigh is well known for silver coins of the first two Qasimid rulers (1009-1087) and some anonymous undated coppers of the same period. This is the first known later Qasimid (Zaydi Imams) coin of al-Damigh.

434. **QASIMID: al-Mansur al-Husayn**, 1727-1748, AR khamsiya (1.67g), San'a, AH1141, A-Y1144, as Zeno-143116, obverse has the name *al-mansur* within a central lozenge, mint & date on the reverse; common mint but very rare for this type (none of CoinArchives, just 2 on Zeno), fantastic bold strike! XF, **RR** \$150 - 250

435. **WAJID: 'Umar b. Yusuf**, 952-961, AV dinar, 'Umân (Oman), AH344, A-A1163, with the Sunni kalima divided between obverse and reverse: ruler's name below, mint/date formula in inner margin, Qur'an 30:3-4 in outer margin // caliph *al-muti' lillah / wajih* below, Qur'an 9:33 in the margin; unpublished and of the highest rarity (probably unique); gold mount added, with the attached decoration, bold VF, **RRRR** \$10,000 - 15,000

Darley-Doran cited no coins in any metal dated 344 (on his page 132), and cited the existence of gold dinars of 'Umar b. Yusuf dated 345, 347 and 350. The only gold dinar of 'Umar b. Yusuf listed on CoinArchives is dated 341 (sold in our Auction 30, lot 401, in January 2018). Silver dirhams of 'Umar b. Yusuf are listed on CoinArchives dated 340, 341, and 343, and Darley-Doran lists dirhams dated 341, 343, and 350, and Zeno adds 342. We have found no reference to any Wajid coin dated AH344.

436. **MUKRAMID: temp. Hasan b. Mukram**, 1017-1020, AV dinar (4.23g), 'Uman (Oman), AH411, A-M1164, citing the name Mukram above and the Buwayhid overlord Sultan al-Dawla as just 'Imad al-Din Abu Shuja' below the field // the Qur'an sura 112 filling the field; decent strike, bold XF, **RR** \$1,600 - 2,000

437. **BANU MISMAR: Mismar b. Salm**, fl. 886/887, BI dirham (0.50g), NM, NS, A-G1166, legends *lillah / mismar / bin salm // muhammad / rasul / Allah*, crude VF, **RRR** \$200 - 300

The Zanj were a group of African Black slaves brought in to clear the salt deposits that were destroying the agricultural lands in southern Iraq.

They were harshly treated, and finally rebelled against the Abbasid Caliphate in AH258, led by 'Ali b. Muhammad, whom they called their Imam as "al-Mahdi". They established their military base which they first called "askar al-imam", "the camp of the Imam", later replaced by the name al-Mukhtara, where coins were struck from about 259 until 266. The Abbasid forces were simultaneously involved in destroying several rebellions throughout their territories, but by AH268 were able to launch a decisive surge against the Zanj. They formed their own base, which they called Madinat al-Muwaffaqiya, and both gold and silver coins were struck there from 268 until 270. Both camps were abandoned after the Abbasid annihilated the Zanj rebellion early in the following year 271. The term Zanj survives in the name of an island now part of Tanzania, known as Zanzibar.

The British Indian Government stopped minting the 1922-dated silver one rupee coins in 1923 according to mint records, and never authorized another one rupee coin for circulation until more than 15 years later. This meant that the British Government had not resumed production until late 1939 or January 1940, when the 1938 one rupee coins were minted and released. The only reason new coinage resumed in 1939 was because of the increase in commerce in India from World War II. The majority of the 1938 one rupee issue was minted in the year 1940, and "a small quantity 1938 coins were minted in the end of 1939," as noted by Pridmore. It was not possible to strike the 1938 one rupee with the Type II obverse any sooner than late 1939. It is likely that the 1938 one rupee mintage was issued in its entirety, but that's not true for the 1939 one rupee. It had been speculated that the actual number of coins struck for the 1939 one rupee was between 7,500 to 10,000 coins with a survival rate of 1% to 2% making it one of the greatest rarities of British Indian coinage!

These pieces were also called the Tanuma Go Momme Gin. Tanuma was Chief of the Palace Bureau and he authorized the production of this issue. He proclaimed that silver ornaments for personal use were a luxury and they should be confiscated for the purpose of making silver coin. The 5 momme silver was first issued in September 1765 at a rate of 12 pieces being the equivalent of 60 momme of silver. The Gomomme-gin silver coin carried the fixed denomination of "5 monme," and money changers, who had been earning profits from fluctuations of exchange rates in the market, strongly objected to the use of these coins, as the ratio was lower than the market price. As a result, the coin was not welcomed and mostly stayed on the counters of the money exchanges.

Lots 1262, 1263 + 1264

This type was struck from silver produced from the Kosaka Mine and minted from March to August 1868 at the rate of about 150 pieces per day. Due to the many surviving pieces that are in good quality, it is likely that they were in circulation for a very short time, or found only very limited circulation during the brief Boshin War. During the Boshin War, the Morioka Domain (ruled by the Nanbu clan) was a prominent member of the pro-shogunate Ouetsu Reppan Domei. While the domain initially attempted to remain neutral, it yielded to pressure from the powerful Sendai Domain and joined the northern coalition against the Imperial forces. Following the collapse of the northern alliance, the Morioka domain surrendered to the Imperial army and the Domain was abolished on July 14, 1871.

The national emblem arranges these symbols in such a way to reflect the order of achievement in western heraldry.

End of Auction

TERMS OF SALE (AS OF AUGUST 2026)

1. Auction Basics. This is a public auction sale conducted by California bonded auctioneers, Stephen Album Rare Coins Inc. (hereinafter referred to as "Auctioneer"). Bidding in this Auction constitutes acceptance by you (the "Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction consigned by the consignor or by other consignors pursuant to their consignment agreement. The Auctioneer reserves the right to include in any auction sale its own material. Bidder acknowledges and agrees that the Auctioneer may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting there from is expressly waived by all participants in the Auction. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stephen Album Rare Coins Inc. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stephen Album Rare Coins Inc. is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stephen Album Rare Coins Inc. and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. Stephen Album Rare Coins Inc. does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or their agent, a Bidder by mail, telephone, internet or fax, or any other participant in the Auction. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in his or her sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid or pre-sale internet bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces it.

Absentee bids may be placed by fax, mail, email, or by telephone. Online bidding is also available on www.iCollector.com. Follow the link on our website, www.stevealbum.com in order to bid online. Your bids will be treated as a maximum bid. The winning bid will be one increment above the next highest bidder, or at the starting bid.

Stephen Album Rare Coins Inc. is not responsible for any errors in bidding. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stephen Album Rare Coins Inc. reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction.

4. Buyer's Premiums and Payments. A Buyer's Premium of twenty percent (20.0%) or twenty dollars (\$20), whichever is greater, will be added to the hammer price for each lot to all successful bids. Accepted payments are by Visa, MasterCard, American Express, PayPal, cash, cashier's check, money order, approved personal check or bank wire transfer. If the purchaser pays by credit card (including credit-debit cards) or by PayPal, an additional service fee of four percent (4.0%) will be added. This service fee will apply to the hammer price, buyer's premium, shipping, and sales tax. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction (the "Default Date"), without exception, time being of the essence, unless otherwise agreed in writing prior to the Auction. Any bidder who does not pay within the standard deadline of fourteen (14) calendar days, regardless of any approval of alternative payment arrangements, may be considered a negligent payer and may be subject to increased scrutiny and additional requirements in order to participate in future auctions. If a credit card is provided before the sale, Stephen Album Rare Coins reserves the right to charge your credit card for the total of your auction purchases if payment has not been received within the fourteen (14) calendar days deadline. All auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Personal checks must clear our bank before lots are delivered. Bounced or returned checks are subject to a \$35 fee.

Payments by PayPal are restricted to a maximum of \$5,000 per client. Payments by credit card are restricted to a maximum of \$10,000 per invoice. If a credit card has been used to pay for one invoice from the auction, it may not be used to pay for another invoice in the auction, regardless of the total amount of either invoice. We reserve the right to modify these payment limits, and we reserve the right to refuse payment by credit card or PayPal at our discretion, in which case a bank wire, check, or cash equivalent will be required.

Please contact Stephen Album Rare Coins Inc. for wiring instructions. Please inform us after bank wire has been sent. Please be advised that payments coming by wire transfer usually only take a few days to arrive, but in rare cases they can take up to a few weeks to arrive due to US government regulating, resulting in a delay of shipment of your lots. Lots will not be shipped until your full payment has arrived in our bank account. There is a \$15 fee for all bank wire transfers.

Stephen Album Rare Coins Inc. reserves the right not to release lots for which funds have not yet been received in full. On any past due accounts, Stephen Album Rare Coins Inc. reserves the right, without notice, to extend credit and impose carrying charges of 1% per month. Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stephen Album Rare Coins Inc. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stephen Album Rare Coins Inc. reserves the right to require a written guarantee of such payments and obligations.

Lots are not available for pickup during the auction. Lots may be available for on-site pickup on the Monday following the sale if a formal request for pickup is provided by the Buyer before the auction, during the auction, or within 1 hour of the close of the final lot on the final day of the auction. We reserve the right to refuse this request for pickup, at our discretion. For on-site pickup, we will only accept cash or a bank transfer. If paying by bank transfer, the funds must reach our account before we will allow you to collect your lots.

5. Credit. Bidders who have not established credit with Stephen Album Rare Coins Inc. must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction session(s) or such other amount as Stephen Album Rare Coins Inc. may, in its sole and absolute discretion, require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

6. Shipping and Insurance. It is the Buyer's responsibility to contact Stephen Album Rare Coins Inc. after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stephen Album Rare Coins Inc. may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. All state taxes, postage, shipping, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stephen Album Rare Coins Inc. no later than thirty (30) days after payment. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Delivery outside the USA will be by USPS registered mail, express mail or by FedEx and will include insurance on all shipments up to \$50,000. Buyers will be billed additional insurance charges on a shipment or combined shipments valued at above \$50,000. Any claims of loss or damage will only be paid by Stephen Album Rare Coins Inc. only after the insurers' investigation is complete. If the Buyer opts for another form of shipment other than the above, items will be shipped at their risk and they will assume all risk due to theft, damage or loss. A Buyer opt out of the Stephen Album Rare Coins Inc. standard shipping listed above must be in received in writing before shipment will be made.

Stephen Album Rare Coins Inc. cannot accept any responsibility whatsoever for customs duties charged by the country of destination or seizure of items by customs, domestic or foreign.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California without a valid Resale Certificate which has been provided to the Auctioneer. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of Two Thousand Dollars (\$2,000) are exempt from California sales tax. On any tax not paid by Buyer that should have been paid, even if not collected by Stephen Album Rare Coins Inc. by mistake, error, negligence or gross negligence, Buyer remains liable for and agrees to promptly pay the same on demand together with any interest or penalty that may be assessed.

7. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stephen Album Rare Coins Inc. reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stephen Album Rare Coins Inc., in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stephen Album Rare Coins Inc. to satisfy the indebtedness, plus all accrued charges, and Stephen Album Rare Coins Inc. may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stephen Album Rare Coins Inc. If the Auctioneer resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stephen Album Rare Coins Inc. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stephen Album Rare Coins Inc., including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stephen Album Rare Coins Inc. for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stephen Album Rare Coins Inc., or assignees, the right to offset any sums due, or fund to be due to Stephen Album Rare Coins Inc., and to make such offset from any past, current, or future consignment,

or purchases that are in the possession or control of the Auctioneer or from any sums due to Buyer by Stephen Album Rare Coins Inc., its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stephen Album Rare Coins Inc., or its assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stephen Album Rare Coins Inc., its affiliates or assignees, to secure all indebtedness due to Stephen Album Rare Coins Inc., plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stephen Album Rare Coins Inc. the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stephen Album Rare Coins Inc. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one percent (1%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stephen Album Rare Coins Inc. or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction. Stephen Album Rare Coins Inc. reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stephen Album Rare Coins Inc. shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

8. Disclaimer and Warranties.

- a) Coins listed in this catalog graded by PCGS, NGC or ANACS cachet or any other third party grading service or examined by the buyer prior to the auction sale may not be returned for any reason whatsoever by any Buyer, except for claims related to authenticity.
- b) For non-certified coins that have not been examined by the Buyer prior to the Auction: if it is determined in a review by the Auctioneer that there is a material error in the catalog description of a non-certified coin, such lot may be returned, provided written notice is received by the Auctioneer no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stephen Album Rare Coins Inc., in their original containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.
- c) If an item or items are returned pursuant to the terms herein, they must be housed in their original container. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges except for items proven not genuine.
- d) Group lots are SOLD AS IS. We will not accept returns on group lots. Please examine group lots carefully before bidding.
- e) Grading or condition of rare coins may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of the Auctioneer. Auctioneer shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.
- f) All oral and written statements made by Stephen Album Rare Coins Inc. and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stephen Album Rare Coins Inc. has authority to vary or alter these Terms and Conditions of Auction. Any alteration shall be effective only if in writing and signed by an officer of Stephen Album Rare Coins Inc. authorized to do so. Stephen Album Rare Coins Inc. reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stephen Album Rare Coins Inc. authorized to do so.
- g) Bidders shall have no recourse against the Consignor for any reason whatsoever.
- h) Bidder acknowledges that the coin market is speculative, unregulated and volatile, and that coin prices may rise or fall over

time. Stephen Album Rare Coins Inc. does not guarantee that any customer will be able to sell for a profit in the future.

- i) Bidder acknowledges and agrees that neither Stephen Album Rare Coins Inc., nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be held liable for such events.

9. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stephen Album Rare Coins Inc., and its respective affiliates, parents, shareholders, agents, subsidiaries, employees, members of their respective boards of directors, and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

10. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stephen Album Rare Coins Inc. reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stephen Album Rare Coins Inc. reserves the right to cancel or postpone the Auction or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stephen Album Rare Coins Inc. nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction are personal and apply only to the Bidder who initially purchases the lot(s) from Stephen Album Rare Coins Inc.. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions.

11. General Terms. These Terms and Conditions of Auction and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction. Any dispute arising out of or related to these Terms of Sale, the Auction or any lot, with the sole exception of actions by Stephen Album Rare Coins Inc. to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the International Association of Professional Numismatists (I.A.P.N.). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Sonoma County, California; and any court proceeding shall be in the Sonoma County Superior Court, in the State of California. Bidder agrees that any arbitration or legal action with respect to this Auction is barred unless commenced within one (1) year of the date of this Auction. These Terms of Sale and the information on our website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction,

the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stephen Album Rare Coins Inc. may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

12. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on your bid sheet. This is a personal service and a Stephen Album Rare Coins Inc. representative will personally attend to your bid sheet by bidding from the auction book, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly.

13. Floor Bidding. We reserve the right to refuse to allow a person to attend the live floor bidding session of the sale, and also reserve the right to eject disruptive or non-compliant bidders from the floor session, at the discretion of the auctioneer. Photography is prohibited for all attendees. Smoking within the building is prohibited for all attendees. Lot pickup for items won by bidders who bid live from the auction floor will be allowed no sooner than 24 hours after the final lot is hammered on the day that the lots were won. This pickup timeline may be altered at the discretion of the auctioneer.

Stephen Album Rare Coins Inc. auctions are not approval sales. Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.
